BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2013-0089]

Reports, Forms, and Record Keeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This document describes

one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before November 5, 2013.

ADDRESSES: You may submit comments identified by docket number at the heading of this notice by any of the following methods:

- Web site: http:// www.regulations.gov. Follow the instructions for submitting comments on the electronic docket site by clicking on "Help and Information" or "Help/ Info."
 - Fax: 1-202-493-2251.
- Mail: U.S. Department of Transportation, Docket Operations, M– 30, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- Hand Delivery: 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.
- Federal eRulemaking Portal: Go to http://www.regulations.gov. Follow the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number. Note that all comments received will be posted without change to http://www.regulations.gov, including any personal information provided. Please see the Privacy Act discussion below. We will consider all comments received before the close of business on the comment closing date indicated above. To the extent possible, we will also consider comments filed after the closing date.

Docket: For access to the docket to read comments received, go to http://www.regulations.gov at any time or to 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. Telephone: (202) 366–9826.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the Federal Register published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78) or you may visit http://www.dot.gov/privacy.html.

FOR FURTHER INFORMATION CONTACT: For additional information or access to background documents, contact James Bean, Office of Data Acquisitions (NVS–

410), Room W53–489, 1200 New Jersey Avenue SE., Washington, DC 20590. Mr. Bean's telephone number is (202) 366– 2837

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the Federal Register providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulations (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected; and

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

In compliance with these requirements, NHTSA asks public comment on the following proposed collection of information:

Title: National Automotive Sampling System (NASS) Law Enforcement Information

Type of Request: New information collection

OMB Control Number: Not assigned Affected Public: Law Enforcement Agencies

Abstract: This collection of information is part of NHTSA's efforts to upgrade its crash data systems. NHTSA's National Automotive Sampling System (NASS) collects crash data on a nationally representative sample of police-reported traffic crashes and related injuries. NASS data are used by government, industry, and academia in the U.S. and around the world to make informed highway safety decisions.

Recognizing the importance as well as the limitations of the current NASS system, NHTSA is undertaking a modernization effort to upgrade its data systems by improving the information technology (IT) infrastructure, updating the data collected, and reexamining the NASS sample sites and sample size.

The current data system samples crashes through a clustered sample of law enforcement agencies that were selected decades ago. Using updated population and other auxiliary information, NHTSA has identified a new set of probabilistically selected geographic locations around the country that are expected to provide a more accurate traffic safety picture, more precise estimates, and greater insight into new and emerging data needs.

This collection of information will assist NHTSA with the next step in updating the NASS sample design, which is to select a fresh sample of law enforcement agencies within these primary sampling units (PSUs). This requires compiling basic crash count data from every law enforcement agency that responds to motor vehicle crashes in the PSUs. This data would be used to construct a measure of size in order to make informed and efficient choices in the probabilistic selection of the second stage sample units, the law enforcement agencies.

Estimated Annual Burden: 2,900 hours (2 hours per respondent). Number of Respondents: 1,450

Issued in Washington, DC on: August 30, 2013.

Terry T. Shelton,

Associate Administrator, National Center for Statistics and Analysis.

Surface Transportation Board [Docket No. FD 35758]

Indiana Eastern Railroad, LLC, d/b/a Ohio South Central Railroad—Change in Operators Exemption—Rail Lines of the City of Jackson, Ohio, in Jackson, Vinton, and Ross Counties, Ohio

Indiana Eastern Railroad, LLC, d/b/a Ohio South Central Railroad (OSCR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to change operators from US Rail Corporation to OSCR on the following rail lines located in Ohio and owned by the City of Jackson, Ohio (the City): (1) From milepost 91.6 at RA Junction near Richmond Dale, Ross County, to milepost 95.5 at West Junction, Ross County; (2) from milepost 112.3 at West Junction to milepost 127.5 near Hamden, Vinton County; (3) from milepost 127.5 near Hamden to milepost

136.8 near Red Diamond, Vinton County; (4) from milepost 0.0 at Hamden to milepost 31.0 near Firebrick, Jackson County; (5) from milepost 0.0 in the City, Link Township, to milepost 4.5 in Liberty Township.¹ The change in operators is being accomplished through OSCR's lease of the lines from the City. OSCR states that it will operate the lines. This change in operators is exempt under 49 CFR 1150.41(c).²

Based on projected revenues for the line, OSCR expects to remain a Class III rail carrier after consummation of the proposed transaction. OSCR certifies that its projected annual revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier.

OSCR states that the proposed transaction will be consummated no sooner than September 20, 2013 (at least 30 days after the notice of exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than September 13, 2013 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35758, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001. In addition, one copy of each pleading must be served on Thomas F. McFarland, Thomas F. McFarland, P.C., 208 South LaSalle Street, Suite 1890, Chicago, IL 60604–1112.

Board decisions and notices are available on our Web site at www.stb.dot.gov.

Decided: September 3, 2013.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Raina S. White.

Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board [Docket No. FD 35757]

Mississippi Central Railroad Co.— Lease and Change in Operators Exemption—Line of Mississippi-Alabama Railroad Authority

Mississippi Central Railroad Co. (MSCI), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease and operate a 41.5mile line of railroad between milepost IC-529.5 (Corinth, Miss.) and milepost IC-571.0 (Red Bay, Ala.), in Alcorn, Prentiss, Tishomingo, and Itawamba Counties, Miss., and Franklin County, Ala. (the Line), owned by the Mississippi-Alabama Railroad Authority (MARA). MSCI also proposes to acquire approximately 2.2 miles of incidental trackage rights for interchange over Norfolk Southern Railroad Company's (NS) line between milepost IC-529.5 and milepost IC-527.3 (at NS's Corinth yard).

According to MSCI, it has reached agreement with both Redmont Railway Company, Inc. (RRC), the current operator of the Line,1 and MARA, the owner of the Line, to permit MSCI to acquire RRC's leasehold interest in the Line, and for MSCI to lease and operate the Line between Corinth and Red Bay. MSCI states that RRC will also assign its incidental trackage rights between milepost IC-527.3 and milepost IC-529.5. MSCI states that, pursuant to its agreements with RRC and MARA, MSCI will lease, operate, maintain, and perform all common carrier services on the Line.² Further, MSCI states that it will interchange with NS and Kansas City Southern Railroad Company at Corinth.

MSCI certifies that its projected annual revenues as a result of this transaction will not exceed those that would qualify it as a Class III rail carrier and further certifies that the projected annual revenue from the Line, together with MSCI's projected annual revenue, will not exceed \$5 million. MSCI states that the proposed lease and operation of the Line does not involve a provision or agreement that would limit future interchange with a third-party connecting carrier.

¹ OSCR states that incidental trackage rights will be granted over a rail line of CSX Transportation, Inc. (CSX) between milepost 91.6 at RA Junction and milepost 85.7 near Vauces, Ohio, solely for purposes of interchange between OSCR and CSX.

²To qualify for a change of operators exemption, an applicant must give notice to shippers on the line. See 49 CFR 1150.42(b). In a letter filed August 23, 2013, OSCR certified to the Board that it had provided notice to the shippers on the lines.

¹RRC obtained Board authority to lease and operate the Line in 1995. See Redmont Ry.—Lease & Operation Exemption—Certain Lines of Miss.-Ala. R.R. Auth., FD 32616 (STB served Mar. 1, 1995).

² Under 49 CFR 1150.42(b), a change in operators requires that notice be given to shippers. MSCI certifies that it served a copy of its verified notice on Sunshine Mills, Inc., the only shipper known to have shipped over the Line in the last two years.
