Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Title: Permanency Innovations Initiative Evaluation: Phase 3.
OMB No.: 0970–0408.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) intends to collect data for an evaluation of the Permanency Innovations Initiative (PII). This 5-year initiative, funded by the Children's Bureau (CB) within ACF, is intended to build the evidence base for innovative interventions that enhance well-being and improve permanency outcomes for particular groups of children and youth who are at risk for long-term foster care and who experience the most serious barriers to timely permanency.

Data collection for the PII evaluation includes a number of components being launched at different points in time. Phase 1 (approved August 2012, OMB# 0970–0408) included data collection for a cross-site implementation evaluation and site-specific evaluations of two PII grantees (Washoe County, Nevada, and the State of Kansas). Phase 2 (approved

August 2013) included data collection for two more PII grantees (Illinois DCFs and one of two interventions offered by the Los Angeles Gay and Lesbian Center's Recognize Intervene Support Empower [RISE] project).

Phase 3 will include data collection for evaluations of two PII grantee interventions and two additional cross-site PII studies. The two grantee interventions are the California Department of Social Services' California Partnership for Permanency (CAPP) project and a second RISE intervention, the Care Coordination Team (CCT). The two PII cross-site studies are a cost study and an administrative data study. The administrative data study does not impose any new data collection requirements and will use data currently reported by states through the Adoption and Foster Care Analysis and Reporting System (AFCARS) (OMB Control # 0980–0267) and the National Child Abuse and Neglect Data System (NCANDS) (OMB Control # 0980–0229), as well as data maintained in State Automated Child Welfare Information Systems (SACWIS).

Respondents: Youth, foster parents, permanency resources, biological parents, legal guardians, team facilitators, caseworkers, supervisors, and state agency workers.
