

Petition for Exemption

Docket No.: FAA–2013–0758.

Petitioner: Embry-Riddle Aeronautical University.

Section of 14 CFR Affected: 14 CFR 61.160 (b)(3)(i) and (ii).

Description of Relief Sought: Embry-Riddle Aeronautical University (Embry-Riddle) is requesting relief for students who matriculated into the university's Aeronautical Science degree program before the start of the 2012 academic year, who subsequently completed their instrument and/or commercial training under part 142 at Embry-Riddle to be eligible for the restricted privileges airline transport pilot (ATP) certificate in accordance with § 61.160(b) and (d).

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Notice of Submission Deadline for Schedule Information for O'Hare International Airport, San Francisco International Airport, John F. Kennedy International Airport, and Newark Liberty International Airport for the Summer 2014 Scheduling Season**

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of submission deadline.

SUMMARY: Under this notice, the FAA announces the submission deadline of October 10, 2013, for summer 2014 flight schedules at Chicago's O'Hare International Airport (ORD), San Francisco International Airport (SFO), New York's John F. Kennedy International Airport (JFK), and Newark Liberty International Airport (EWR) in accordance with the International Air Transport Association (IATA) Worldwide Slot Guidelines. The deadline coincides with the schedule submission deadline for the IATA Slots Conference for the summer 2014 scheduling season.

SUPPLEMENTARY INFORMATION: The FAA has designated ORD as an IATA Level 2 airport, SFO as a Level 2 airport, JFK as a Level 3 airport, and EWR as a Level 3 airport. Scheduled operations at JFK and EWR are currently limited by FAA Orders until a final Slot Management and Transparency Rule for LaGuardia Airport, John F. Kennedy International Airport, and Newark Liberty International Airport (RIN 2120–AJ89)

becomes effective but not later than October 24, 2014.¹

The FAA is primarily concerned about planned passenger and cargo operations during peak hours, but carriers may submit schedule plans for the entire day. At ORD, the peak hours are 0700 to 2100 Central Time (1200 to 0200 UTC), at SFO from 0600 to 2300 Pacific Time (1300 to 0600 UTC), and at EWR and JFK from 0600 to 2300 Eastern Time (1000 to 0300 UTC). Carriers should submit schedule information in sufficient detail including, at minimum, the operating carrier, flight number, scheduled time of operation, frequency, and effective dates. IATA standard schedule information format and data elements (Standard Schedules Information Manual or SSIM) may be used.

The U.S. summer scheduling season for these airports is from March 30, 2014, through October 25, 2014, in recognition of the IATA northern summer period. The FAA understands there may be differences in slot times due to different U.S. daylight saving time dates and will accommodate these differences to the extent possible.

At EWR, there will be runway construction in summer 2014 that will impact airport operations and runway capacity. Runway 4L/22R will close from April 1 through June 1, 2014, and from September 20 through September 30, 2014. Runway 11/29 will close June 1 through 15, 2014, for construction at the intersection of runway 4L/22R. Runway 4L/22R will be open during that period with reduced length. Nighttime and weekend closures of Runway 4L/22R will occur until late 2014. Modeling suggests that delay impacts may be significant at the typical demand levels, especially when available runways or adverse weather conditions limit capacity. The Port Authority of New York and New Jersey, the FAA, and stakeholders have been meeting to determine ways to improve operations and mitigate delays to the extent possible. The FAA has issued a limited waiver of the minimum slot usage requirement to encourage carriers to temporarily reduce operations without losing historical precedence for slots. The FAA will work with carriers to potentially retime flights to less congested periods. Slots for new flights will be limited to off-peak times to avoid adding to congestion during the construction.

¹ Operating Limitations at John F. Kennedy International Airport, 73 FR 3510 (Jan. 18, 2008) as amended 78 FR 28276 (May 14, 2013); Operating Limitations at Newark Liberty International Airport, 73 FR 29550 (May 21, 2008) as amended 78 FR 28280 (May 14, 2013).

At SFO, there will be runway construction in summer 2014. Runways 1R/19L and 1L/19R will close from May 17 through September 28, 2014. FAA modeling suggests modest delay increases and operational impacts based on existing schedules and projected airport runway capacity during the construction. The airport operator, FAA, and stakeholders have been meeting regularly to identify ways to improve efficiency, develop operational plans, and mitigate delays to the extent possible. Currently, the peak demand period at SFO is approximately 0900 to 1400 Pacific Time. In order to reduce potential congestion and delays, carriers are encouraged to consider other hours for new summer 2014 flights and limit plans for new flights. Carriers may also consider whether it is possible to reschedule some flights to less congested hours, use larger aircraft or frequency adjustments in some markets, and temporarily reduce schedules. The FAA will work with carriers through the Level 2 schedule facilitation process to identify ways to reduce congestion.

DATES: Schedules must be submitted no later than October 10, 2013.

ADDRESSES: Schedules may be submitted by mail to the Slot Administration Office, AGC–200, Office of the Chief Counsel, 800 Independence Avenue SW., Washington, DC 20591; facsimile: 202–267–7277; or by email to: 7-AWA-slotadmin@faa.gov.

FOR FURTHER INFORMATION CONTACT: Robert Hawks, Office of the Chief Counsel, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone number: 202–267–7143; fax number: 202–267–7971; email: rob.hawks@faa.gov.

Issued in Washington, DC, on September 13, 2013.

Mark W. Bury,

Acting Assistant Chief Counsel for International Law, Legislation, and Regulations.

DEPARTMENT OF TRANSPORTATION**Federal Motor Carrier Safety Administration**

[Docket No. FMCSA–2000–8398; FMCSA–2001–9258; FMCSA–2003–14504; FMCSA–2005–20027; FMCSA–2005–20560]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 5 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemption renewals will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

DATES: This decision is effective August 30, 2013. Comments must be received on or before October 21, 2013.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) numbers: Docket No. [Docket No. FMCSA–2000–8398; FMCSA–2001–9258; FMCSA–2003–14504; FMCSA–2005–20027; FMCSA–2005–20560], using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
- *Hand Delivery or Courier:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.
- *Fax:* 1–202–493–2251.

Instructions: Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to <http://www.regulations.gov>, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to <http://www.regulations.gov> at any time or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Federal Docket Management System (FDMS) is available 24 hours each day, 365 days each year. If you want acknowledgment that we received your

comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

Privacy Act: Anyone may search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's Privacy Act Statement for the Federal Docket Management System (FDMS) published in the **Federal Register** on January 17, 2008 (73 FR 3316).

FOR FURTHER INFORMATION CONTACT:

Elaine M. Papp, Chief, Medical Programs Division, 202–366–4001, fmcamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 5 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 5 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Edmund J. Barron (PA)
Darryl D. Cassatt (IA)
Roger K. Cox (NJ)
Myron D. Dixon (TX)
Thomas E. Howard (IN)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically

qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 5 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (65 FR 78256; 66 FR 16311; 66 FR 17743; 66 FR 33990; 68 FR 13360; 68 FR 19598; 68 FR 33570; 68 FR 35772; 70 FR 2701; 70 FR 16887; 70 FR 17504; 70 FR 25878; 70 FR 30997; 70 FR 33937; 70 FR 37891; 72 FR 27624; 72 FR 32705; 72 FR 34062; 74 FR 26464; 74 FR 26471; 76 FR 34133; 76 FR 34135). Each of these 5 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a

particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by October 21, 2013.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 5 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Issued on: September 9, 2013.

Larry W. Minor,

Associate Administrator for Policy.
