For the actual revisions and/or  
amendments made by these FAR cases,  
refer to the specific item numbers and  
subjects set forth in the documents  
following these item summaries. FAC  
2005–65 amends the FAR as specified  
below:

**Item I—Prohibition on Contracting  
With Inverted Domestic Corporations  
(FAR Case 2012–013)**

This rule adopts as final an interim  
rule implementing section 738 of  
Division C of the Consolidated  
Appropriations Act, 2012 (Pub. L. 112–  
74), which prohibits the award of  
contracts using Fiscal Year 2012  
appropriated funds to any foreign  
incorporated entity that is treated as an  
inverted domestic corporation or to any  
subsidiary of such an entity. The  
interim rule extended an existing  
prohibition that applied to the use of  
Fiscal Year 2008 through 2010 funds.  
Contracting officers are prohibited from  
awarding contracts using appropriated  
funds to any foreign incorporated entity  
that is treated as an inverted domestic  
corporation or to any subsidiary of such  
entity, unless an exception applies. This  
rule will not have any significant  
economic impact on small businesses  
because this rule only applies to an  
offeror that is an inverted domestic  
corporation and wants to do business  
with the Government. Small business  
concerns are unlikely to have been

incorporated in the United States and  
then reincorporated in a tax haven.

**Item II—Extension of Sunset Date for  
Protests of Task and Delivery Orders  
(FAR Case 2012–007)**

This final rule amends the FAR to  
implement section 825 of the Ike  
Skelton National Defense Authorization  
Act for Fiscal Year 2011 (Pub. L. 111–  
383) and section 813 of the National  
Defense Authorization Act for Fiscal  
Year 2012 (Pub. L. 112–81). These  
statutes extend the sunset date for  
protests against awards of task or  
delivery orders to September 30, 2016.  
There is no effect on Government  
automated systems.

**Item III—Free Trade Agreement—  
Colombia (FAR Case 2012–012)**

This final rule adopts, with minor  
change, the interim rule published in  
the **Federal Register** at 77 FR 27548 on  
May 10, 2012, to implement the United  
States-Colombia Trade Promotion  
Agreement. This Trade Promotion  
Agreement is a free trade agreement  
(FTA) that provides for mutually non-  
discriminatory treatment of eligible  
products and services from Colombia.

The Colombia FTA covers acquisition  
of supplies and services equal to or  
exceeding \$77,494. The threshold for  
the Colombia FTA is \$7,777,000 for  
construction. The excluded services for  
the Colombia FTA are the same as for  
the Bahrain FTA, Dominican Republic-  
Central American FTA, Chile FTA,  
NAFTA, Oman FTA, and Peru FTA.

**Item IV—Unallowability of Costs  
Associated With Foreign Contractor  
Excise Tax (FAR Case 2011–011)**

This final rule amends the FAR to  
implement certain requirements of  
section 301 of the James Zadroga 9/11  
Health and Compensation Act of 2010,  
which imposes a 2 percent excise tax on  
certain Federal procurement payments  
to foreign persons. First, the statute  
disallows the cost of the 2 percent  
excise tax on certain foreign  
procurements as part of a payment, or  
as part of a cost-based negotiated price.  
Second, the statute stipulates that no  
funds are to be disbursed to any foreign  
contractor in order to reimburse the tax  
imposed. This rule will have a minimal  
economic impact on small businesses  
because the 2 percent excise tax is  
applied only to foreign persons that  
receive Federal procurement payments  
pursuant to a contract with the  
Government of the United States for the  
provision of goods or services, if the  
goods are manufactured or produced in,  
or the services are performed in, a  
country that is not a party to an  
international procurement agreement  
with the United States.

**Item V—Technical Amendments**

Editorial changes are made at FAR  
1.106, 2.000, and 31.205–6.

Dated: January 23, 2013.

**AGENCY:** Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Final rule.

**SUMMARY:** DoD, GSA, and NASA are adopting as final, without change, an interim rule amending the Federal Acquisition Regulation (FAR) to implement a section of the Consolidated Appropriations Act, 2012, that prohibits the award of contracts using appropriated funds to any foreign incorporated entity that is treated as an inverted domestic corporation or to any subsidiary of such entity.

**DATES:** *Effective Date:* January 29, 2013.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

DoD, GSA, and NASA published an interim rule in the **Federal Register** at 77 FR 27547 on May 10, 2012, to implement section 738 of Division C of the Consolidated Appropriations Act, 2012 (Pub. L. 112-74), which was signed on December 23, 2011. The same Governmentwide restrictions are already incorporated in the FAR for funds appropriated in Fiscal Years 2008 through 2010, under FAR case 2008-009, published as an interim rule on July 1, 2009 (74 FR 31561), and as a

final rule on May 31, 2011 (76 FR 31410).

An inverted domestic corporation is one that used to be incorporated in the United States, or used to be a partnership in the United States, but now is incorporated in a foreign country, or is a subsidiary whose parent corporation is incorporated in a foreign country. See the definition of inverted domestic corporation at FAR 9.108-1.

Six respondents submitted comments on the interim rule.

##### II. Discussion and Analysis

The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (the Councils) reviewed the comments in the development of the final rule. A discussion of the comments is provided as follows:

##### A. Summary of Significant Changes

There are no changes to the interim rule as a result of the public comments.

##### B. Analysis of Public Comments

##### 1. Support for the Prohibition

*Comment:* Almost all respondents strongly supported the intent of the rule, to prohibit the Government from doing business with inverted domestic corporations. Some provided specific comments that the rule should be enforced and continued. Some of the specific reasons provided for support were as follows:

##### a. Impact on U.S. jobs.

*Comment:* Several respondents stated that when millions of people in the United States are unemployed or underemployed, corporations that have “turned their back” on the United States and probably eliminated at least some of the jobs for American personnel should not receive Government contracts.

*Response:* The Councils note that the views of these respondents are in accord with the intent of the law and this FAR rule.

##### b. Companies should not be rewarded for tax avoidance.

*Comment:* Many respondents stated that companies should not be rewarded for tax avoidance, which enables them to compete unfairly with U.S. companies.

*Response:* The Councils note that the views of these respondents are in accord with the intent of the law and this FAR rule.

c. One respondent discussed additional costly measures that are required when dealing with inverted domestic corporations: *e.g.*, proxy agreements, authorization from national authorities, additional security measures.

*Response:* The Councils note that the views of this respondent are in accord with the intent of the law and this FAR rule.

##### 2. Rule Should Be Even More Stringent

*Comment:* One respondent stated that the FAR rule on inverted domestic corporations is a good beginning, but does not go far enough to have any effect on the issue. The respondent requests that the Government should also stop distributors of the products of inverted domestic corporations from selling such products to the Government, because the manufacturers pay no income tax, and products they make off shore impede manufacturing growth of the United States economy and job creation.

*Response:* Prior to this FAR case 2012-013, the FAR already implemented restrictions that were contained in the FY 2008 through FY 2010 appropriations act restrictions: a provision at FAR 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations—Representation; and a clause at 52.209-10, Prohibition on Contracting with Inverted Domestic Corporations.

Comparable to the prior appropriations act restrictions, Section 738 of the Consolidated Appropriations Act, 2012 (Pub. L. 112-74), Division C, Title VII, prohibits the use of FY 2012 funds for contracts with any foreign entity which is treated as an inverted domestic corporation under section 835(b) of the Homeland Security Act of 2002. The statute only prohibits Government contracts directly awarded to an inverted domestic corporation. It does not cover contracts to distributors of the products of inverted domestic corporations.

The purpose of the interim rule under this FAR Case 2012-013 was to extend the existing prohibition to solicitations and contracts using FY 2012 funds. It did not propose any changes in interpretation or application of the statutory prohibition. Therefore, application to distributors of the products of inverted domestic corporations is outside the scope of this rule.

##### 3. Relationship to Buy American Statute

*Comment:* One respondent stated that the Buy American Act of 1933 (now codified at 41 U.S.C. chapter 83) created
