[Docket No. CP14–1–000]

North Baja Pipeline, LLC; Notice of Application

Take notice that on October 3, 2013, North Baja Pipeline, LLC (North Baja), 717 Texas Street, Suite 2400, Houston, Texas 77002–2761, filed an application in Docket No. CP14–1–000 pursuant to section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, for authorization for a temporary act or operation to reduce the authorized horsepower associated with two 7,200 horsepower compressor units at its Ehrenberg Compressor Station located in Ehrenberg, Arizona. North Baja states that the subject compressor units will be removed and returned to the manufacturer. North Baja proposes that the temporary action last for 36

months. North Baja avers that, during the 36-month period, it will determine if market conditions support replacement of the units or whether it will seek authorization for permanent abandonment of the horsepower related to the two units, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Any questions concerning this application may be directed to Richard Parke, Manager, Certificates, North Baja Pipeline, LLC, 717 Texas Street, Suite 2400, Houston, Texas 77002–2761, by telephone at (832) 320–5516, or by email at richard_parke@transcanada.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit an original and seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's

rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: November 5, 2013.

Dated: October 15, 2013.

Secretary.
