**A. Overview of Information Collection***Title of Information Collection:*

Generic Customer Satisfaction Surveys  
Physical Inspection Alignment Pilot  
Program—Expansion Announcement.

*OMB Approval Number:* 2535–0116.

*Type of Request:* Change Request.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* This collection would assist the working group in better understanding the capabilities of state agencies to conduct inspections and their level of interest in participating in an expanded pilot. While candidates to join the pilot could be selected through limited private contact, this announcement creates a more even playing field for states who may wish to participate rather than favoring those states which may have heard about the program through other means. The responses will also be used by the working group to refine our communications, outreach, and training approaches. The working group has received positive feedback from states that the collaboration it facilitates is valuable and is something that they actively seek to participate in.

This is an existing pilot program currently involving less than ten respondents. This information will primarily be used by the working group to improve the administration of the pilot. It will also allow the working group to identify states that might be interested in participating in an expanded 2014 pilot. This information will not be distributed beyond the working group, nor will it be used for any other purpose.

*Respondents* (i.e. affected public): State housing agencies.

*Estimated Number of Respondents:* 70.

*Estimated Number of Responses:* 25.

*Frequency of Response:* 1 time.

*Average Hours per Response:* .25 hour.
