(ii) The beneficiary may exercise his or her right to opt out of the program by contacting the PBM.

(iii) Following an opt out, the beneficiary may obtain prescriptions from a retail pharmacy, subject to limitations under the TRICARE Pharmacy Benefits Program other than those under paragraph (r) of this section. NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest."

Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the event would occur before the rulemaking process would be completed. Because of the dangers posed by the pyrotechnics used in these fireworks displays, the safety zones are necessary to provide for the safety of event participants, spectators, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis for the proposed rule is 33 U.S.C 1231; 46 U.S.C Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Public Law 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to establish safety zones.

Google will sponsor the Google's Night at Sea Fireworks Displays on December 7, 2013 and December 14, 2013 near the breakwater in Alameda, CA in approximate position 37°46'07" N, 122°19'10" W (NAD83) as depicted in National Oceanic and Atmospheric Administration (NOAA) Chart 18650. These safety zones establish a temporary restricted area on the waters 100 feet surrounding the fireworks barges during the loading, transit and arrival of the pyrotechnics from the loading site to the launch site until the commencement of the fireworks displays. Upon the commencement of the fireworks displays, the safety zones will increase in size and encompass the navigable waters around the fireworks barges within a radius of 420 feet. The fireworks displays are meant for entertainment purposes. The restricted area around the fireworks barges is necessary to protect spectators, vessels, and other property from the hazards associated with pyrotechnics.

C. Discussion of the Final Rule

The Coast Guard will enforce safety zones in navigable waters around and under the fireworks barges within a radius of 100 feet during the loading, transit, and arrival of the fireworks barges to the display location until the start of the fireworks displays. From 12:01 p.m. until 9 p.m. on December 7, 2013 and from 12:01 p.m. until 8 p.m. on December 14, 2013 the fireworks
