ACTION: Proposed Sale Notice for Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore Maryland.

SUMMARY: This document is the Proposed Sale Notice (PSN) for the sale of commercial wind energy leases on the Outer Continental Shelf (OCS) offshore Maryland, pursuant to BOEM's regulations at 30 CFR 585.216. BOEM proposes to offer for sale two leases, Lease OCS-A 0489 and Lease OCS-A 0490. BOEM will use a multiple-factor auction for the lease sale. DATES: Comments should be submitted electronically or postmarked no later than February 18, 2014. All comments received or postmarked during the comment period will be made available to the public and considered prior to

publication of the Final Sale Notice (FSN).

All bidders interested in participating in the lease sale who have not previously been qualified by BOEM to participate in this lease sale must submit the required qualification materials by the end of the 60-day comment period for this notice. All qualification materials must be postmarked no later than February 18, 2014.
