Certain Steel Wire Garment Hangers From the Socialist Republic of Vietnam: Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the Department) and the U.S. International Trade Commission (ITC), the Department is issuing a countervailing duty order on certain steel wire garment hangers from the Socialist Republic of Vietnam (Vietnam).

DATES: *Effective Date:* February 5, 2013.

FOR FURTHER INFORMATION CONTACT: John Conniff or Robert Copyak, AD/CVD Operations, Office 8, Import

Administration, U.S. Department of Commerce, Room C-100, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-1009 and 202-482-2209, respectively.

SUPPLEMENTARY INFORMATION:

Case History

In accordance with section 705(d) of the Tariff Act of 1930, as amended (the Act), on December 26, 2012, the Department published its final determination in the countervailing duty investigation of certain steel wire garment hangers from Vietnam.¹ On January 28, 2013, the ITC notified the Department of its final determination pursuant to sections 705(b)(1)(A)(ii) and 705(d) of the Act, that a U.S. industry is materially injured by reason of imports of steel wire garment hangers from Vietnam.² In addition, the ITC notified the Department of its final determination that critical circumstances do not exist with respect to imports of steel wire garment hangers from Vietnam that are subject to the Department's final affirmative critical circumstances finding. Pursuant to section 706(a) of the Act, the Department is publishing a countervailing duty order on the subject merchandise.

Scope of the Order

The merchandise subject to this order is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers.

Specifically excluded from the scope are (a) Wooden, plastic, and other garment hangers that are not made of steel wire; (b) steel wire garment hangers with swivel hooks; (c) steel wire garment hangers with clips permanently affixed; and (d) chrome-plated steel wire garment hangers with a diameter of 3.4mm or greater.

The products subject to the order are currently classified under U.S. Harmonized Tariff Schedule (HTSUS)

subheadings 7326.20.0020 and 7323.99.9080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Countervailing Duty Order

On January 28, 2013, the ITC notified the Department of its final determination, pursuant to section 705(b)(1)(A) of the Act, that an industry in the United States is materially injured as a result of subsidized imports from Vietnam. Pursuant to section 706(a) of the Act, the Department is publishing a countervailing duty order on the subject merchandise.

As a result of the ITC's final determination, in accordance with section 706(a) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, countervailing duties on unliquidated entries of certain steel wire garment hangers from Vietnam entered, or withdrawn from warehouse, for consumption on or after June 4, 2012, the date on which the Department published its preliminary countervailing duty determination in the **Federal Register**, and before October 2, 2012, the date on which the Department instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of certain steel wire garment hangers from Vietnam made on or after October 2, 2012, and prior to the date of publication of the ITC's final determination in the **Federal Register** are not liable for the assessment of countervailing duties, due to the Department's discontinuation, effective October 2, 2012, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute the suspension of certain steel wire garment hangers from Vietnam, effective the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further advice from the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC's final injury determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this

NextGen Solutions Vendors Guide

AGENCY: International Trade Administration, Commerce.

ACTION: Notice and request for response.

SUMMARY: This notice sets forth a request for responses from U.S. vendors capable of exporting goods or services for the implementation of Next Generation Air Transportation System (NextGen) solutions that meet the requirements of the International Civil Aviation Organization's (ICAO) Aviation System Block Upgrade (ASBU) initiative. The NextGen solutions

address the ICAO ASBU-designated performance improvement areas of: (a) Airport operations, (b) globally interoperable systems and data, (c) optimum capacity and flexible flights, and (d) efficient flight paths. In addition, this request seeks responses from (e) the knowledge and service providers who can facilitate these solutions. The International Trade Administration (ITA) of the Department of Commerce is developing a web-based *NextGen Solutions Vendors Guide* intended to be used by foreign air navigation service providers, airport operators, and governmental authorities to identify U.S. goods and services that can be used to help implement ICAO-consistent NextGen solutions. The guide will highlight the U.S. producers and suppliers who indicate that they have products that can be used to implement one or more of the listed NextGen solutions. The NextGen Solutions Vendors Guide will support the President's National Export Initiative by fostering export opportunities for the U.S. air navigation equipment and services industry.

DATES: U.S. vendors capable of exporting goods or services relevant to the NextGen solutions outlined above that are interested in participating in the NextGen Solutions Vendors Guide should self-identify by March 29, 2013, at 5:00 p.m. Eastern Daylight Time (EDT).

ADDRESSES: Please indicate interest in participating in the NextGen Solutions Vendors Guide by post or email to the attention of Jonathan Alvear, Office of Transportation and Machinery, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW., Room 4036, Washington, DC 20230; 202-482-4125; email NextGenVendors@trade.gov. Electronic responses should be submitted in Microsoft Word format.

FOR FURTHER INFORMATION CONTACT: Mr. Jonathan Alvear, Office of Transportation and Machinery (OTM), International Trade Administration, Room 4036, 1401 Constitution Avenue NW., Washington, DC 20230. (Phone:

202-482-4125; email: Jonathan.Alvear@trade.gov).

SUPPLEMENTARY INFORMATION: The development of the *NextGen Solutions Vendors Guide* requires the identification of U.S. vendors capable of supplying relevant goods and services to foreign buyers. United States vendors of NextGen goods and services interested in being listed on the Vendors Guide Web site should submit their company's name, Web site address, contact information, and aviation solution category (or categories) of interest from the following list:

- (a) Airport operations
Example: Airport Accessibility—Optimization of Approach Procedures including vertical guidance
- (b) Globally interoperable systems and data
Example: Digital Aeronautical Information Management—Service Improvement through Integration of all Digital ATM Information
- (c) Optimum capacity and flexible flights
Example: Optimum Flight Levels—Improved Access to Optimum Flight Levels through Climb/Descent Procedures using ADS-B
- (d) Efficient flight paths
Example: Trajectory-Based Operations—Improved Safety and Efficiency through the initial application of Data Link En-Route
- (e) Knowledge and service providers (related to aviation system upgrades)
Example: Engineering Services

More information on the four ICAO ASBU-designated performance improvement areas can be found at <http://www.icao.int/Meetings/anconf12/Documents/ASBU.en.july%202012.pdf>

Responding to this notice will serve as a certification that the vendor named in the response is a United States exporter, as defined by 15 U.S.C. 4721(j), and seeks to export NextGen solutions that fall within the category or categories indicated in the response.

For purposes of this certification, "United States exporter" has the meaning found in 15 U.S.C. 4721(j), which provides: "United States exporter means (A) a United States citizen; (B) a corporation, partnership, or other association created under the laws of the United States or of any State; or (C)
