SUPPLEMENTARY INFORMATION:**I. Abstract**

EDA administers the Trade Adjustment Assistance for Firms (TAAF) Program, which is authorized

under chapters 3 and 5 of title II of the Trade Act of 1974, as amended (19 U.S.C. 2341 *et seq.*) (Trade Act), and the Trade Adjustment Assistance Extension Act of 2011 (Pub. L. 112–40) which reauthorized the program, through a national network of 11 non-profit and university-affiliated Trade Adjustment Assistance Centers (TAACs), each of which serves a different geographic service region. EDA certifies firms as eligible to participate in the TAAF Program and provides funding to allow eligible client-firms to receive adjustment assistance through the TAACs. The information collected on Form ED–840P and relevant supporting documentation is used to determine if a firm is eligible to participate in the program. In accordance with the Trade Act and EDA's regulations as set out at 13 CFR part 315, EDA must verify that the following have occurred: (1) A significant reduction in the number or proportion of the workers in the firm, a reduction in the workers' wage or work hours, or an imminent threat of such reductions; (2) sales or production of the firm have decreased absolutely, as defined in EDA's regulations, or sales or production, or both, of any article or service accounting for at least 25 percent of the firm's sales or production has decreased absolutely; and (3) an increase in imports of articles or services like or directly competitive with those produced or provided by the petitioning firm, which has contributed importantly to the decline in employment and sales or production of that firm. Additionally, the firm must demonstrate that its customers have reduced purchases from the firm in favor of buying items or services from foreign suppliers. The use of the form standardizes and limits the information collected as part of the certification process and eases the burden on applicants and reviewers alike.

In addition, after being determined eligible for TAAF Program assistance using Form ED–840P, firms must create an EDA-approved adjustment proposal, which is each firm's business plan to remain viable in the current global economy, in order to receive financial assistance under the TAAF Program. Each adjustment proposal must meet certain requirements as set out in the Trade Act and EDA's regulation at 13 CFR 315.6. This notice also includes an estimate for adjustment proposals.

II. Method of Collection

Form ED–840P may be obtained in Portable Document Format (PDF) from EDA or the TAACs upon request. TAACs are responsible for preparing the application on the firm's behalf.

Although there is no form associated with adjustment proposals, they must meet the requirements for adjustment proposals set out in EDA's regulation at 13 CFR 315.16. Both petitions for certification on Form ED-840P and adjustment proposals may be submitted via email to taac@eda.gov or in hard copy to EDA at Trade Adjustment Assistance for Firms, 1401 Constitution Avenue NW., Room 71028, Washington DC 20230.

III. Data

OMB Control Number: 0610-0091.

IV. Request for Comments
