Fish and Wildlife Service

[FWS-R4-ES-2011-N029; 41910-1112-0000-F2]

Endangered and Threatened Wildlife and Plants; Receipt of Application for Incidental Take Permit; Availability of Proposed Low-Effect Habitat Conservation Plan; City of Deltona, Volusia County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt; request for comment/information.

SUMMARY: We, the Fish and Wildlife Service (Service), have received an application from the City of Deltona (applicant), for a 10-year incidental take permit (ITP; # TE28377B-0) under the Endangered Species Act of 1973, as amended (Act). We request public comment on the permit application and accompanying proposed habitat conservation plan (HCP), as well as on our preliminary determination that the plan qualifies as low-effect under the National Environmental Policy Act (NEPA). To make this determination we used our environmental action statement and low-effect screening form, which are also available for review.

DATES: To ensure consideration, please send your written comments by March 26, 2014.

ADDRESSES: If you wish to review the application and HCP, you may request documents by email, U.S. mail, or phone (see below). These documents are

also available for public inspection by appointment during normal business hours at the office below. Send your comments or requests by any one of the following methods.

SUPPLEMENTARY INFORMATION:

Background

Section 9 of the Act (16 U.S.C. 1531 et seq.) and our implementing Federal regulations in the Code of Federal Regulations (CFR) at 50 CFR Part 17 prohibit the "take" of fish or wildlife species listed as endangered or threatened. Take of listed fish or wildlife is defined under the Act as "to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct" (16 U.S.C. 1532). However, under limited circumstances, we issue permits to authorize incidental take—i.e., take that is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity.

Regulations governing incidental take permits for threatened and endangered species are at 50 CFR 17.32 and 17.22, respectively. The Act's take prohibitions do not apply to federally listed plants on private lands unless such take would violate State law. In addition to meeting other criteria, an incidental take permit's proposed actions must not jeopardize the existence of federally listed fish, wildlife, or plants.

Applicant's Proposal

The applicant is requesting take of approximately 1.9 acres (ac) of occupied Florida scrub-jay foraging and sheltering habitat incidental to construction of a 35-ac public utility, and seeks a 10-year permit. The 122-ac project site is located on parcel numbers 31183166150001, 31183105150010, 31183105140010, 31183105130010, 31183105120010, 31183105110010, 31183105160010, 31183105170010, 31183105180010, 31183105190010, 31183105200010,

31183104050010, 31183104040010, 31183104030010, 31183104020010, 31183104010010, 31183166170001, 31183104060010, 31183104070010, 31183104080010, 31183104090010, 31183104100010, 31183103010010, 31183103020010, 31183103030010, 31183103040010, 31183103050010, 31183103060010, 31183103070010, 31183103080010, 31183103090010, 31183103100010, 31183103030010, and 31183103080160, within Section 31, Township 18 South, Range 31 East, Volusia County, Florida. The project includes construction of a public utility and the associated infrastructure, and landscaping. The applicant proposes to mitigate for the take of the Florida scrub-jay through the deposit of good funds in the amount of \$56,243.80 to the Nature Conservancy's Conservation Fund, for the management and conservation of the Florida scrub-jay based on Service Mitigation Guidelines.

Our Preliminary Determination

We have determined that the applicant's proposal, including the proposed mitigation and minimization measures, would have minor or negligible effects on the species covered in the HCP. Therefore, we determined that the ITP is a "low-effect" project and qualifies for categorical exclusion under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1). A low-effect HCP is one involving (1) Minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

Next Steps

We will evaluate the plan and comments we receive to determine whether the ITP application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 et seq.). If we determine that the application meets these requirements, we will issue ITP # TE28377B-0. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue the ITP. If the requirements are met, we will issue the permit to the applicant.
