[Order No. 1932]

Reissuance of Grant of Authority and Merger Into One Zone; Foreign-Trade Zone 66, Wilmington, NC, Foreign-Trade Zone 67, Morehead City, NC, and Foreign-Trade Zone 214, Kinston, NC

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), and the Foreign-Trade Zones Board Regulations (15 CFR Part 400), the Foreign-Trade Zones Board (the Board) adopts the following Order:

The Foreign-Trade Zones (FTZ) Board (the Board) has considered the application (docketed 12/19/13) submitted by the North Carolina Department of Transportation (NCDOT), grantee of FTZ 66 (Wilmington, North Carolina) and FTZ 67 (Morehead City, North Carolina), requesting that the grant of authority for FTZ 214 (Kinston, North Carolina) be reissued to NCDOT and that FTZ 66, FTZ 67 and FTZ 214 be merged into one zone to be designated as FTZ 214. Existing Site 1 of FTZ 66 will be renumbered as Site 5 of FTZ 214 and existing Sites 1 and 2 of FTZ 67 will be renumbered as Sites 6 and 7 of FTZ 214. NCDOT has accepted such reissuance subject to approval by the FTZ Board. Upon review, the Board finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that the proposal is in the public interest.

Therefore, the Board approves the application and recognizes the North Carolina Department of Transportation as the new grantee for Foreign-Trade Zone 214 and the merger of FTZ 66, FTZ 67 and FTZ 214 into one zone to be designated as FTZ 214, subject to the FTZ Act and the Board's regulations, including Section 400.13, and to the Board's standard 2,000-acre activation limit for the zone.

Signed at Washington, DC, this 28th day of February, 2014.

SUPPLEMENTARY INFORMATION:**Postponement of Preliminary Determinations**

On November 18, 2013, the Department of Commerce (the "Department") published a notice of initiation of antidumping duty investigations of non-oriented electrical steel from the PRC, Germany, Japan, Korea, Sweden and Taiwan.¹ The notice of initiation stated that the Department, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the "Act"), and 19 CFR 351.205(b)(1), would issue its preliminary determinations for these investigations, unless postponed, no later than 140 days after the date of the initiation. The preliminary determinations of these antidumping duty investigations are currently due no later than March 26, 2014.

On February 28, 2014, AK Steel Corporation ("Petitioner"), pursuant to section 733(c)(1)(B) of the Act and 19 CFR 351.205(b)(2) and (e), made a timely request for postponement of the preliminary determinations in these

For the reasons stated above and because there are no compelling reasons to deny the request, the Department, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations to no later than 190 days after the date on which the Department initiated these investigations. SUPPLEMENTARY INFORMATION: Currently, the Council manages Federal fisheries in the U.S. Caribbean under four species-based FMPs: The Spiny Lobster FMP of Puerto Rico and the U.S. Virgin Islands (Spiny Lobster FMP), the Reef Fish FMP of Puerto Rico and the U.S. Virgin Islands (Reef Fish FMP), the Corals and Reef Associated Plants and Invertebrates FMP of Puerto Rico and the U.S. Virgin Islands (Coral FMP), and the FMP for the Queen Conch Resources of Puerto Rico and the U.S. Virgin Islands (Queen Conch FMP). The fishers, fishing community representatives, and the local governments of Puerto Rico and the U.S. Virgin Islands (USVI) have frequently requested the Council consider the differences between the islands or island groups when addressing fisheries management in the U.S. Caribbean to recognize the unique attributes of each U.S. Caribbean island. By developing island-based FMPs, NMFS and the Council would better account for differences among the U.S. Caribbean islands with respect to culture, markets, gear, seafood preferences, and the ecological impacts that result from these differences.

At its 145th meeting, held on March 26-27, 2013, the Council decided to transition from species-based fisheries management to island-based fisheries management. If approved, a
