Eunice Kennedy Shriver National Institute of Child Health & Human Development; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Child Health and Human Development Special Emphasis Panel; Loan Repayment Program.

Date: April 15, 2014.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate contract proposals.

Place: National Institutes of Health, 6100 Executive Boulevard, Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Sathasiva B. Kandasamy, Ph.D., Scientific Review Officer, Division of Scientific Review, National Institute of Child Health and Human Development, 6100 Executive Boulevard, Rockville, MD 20892-9304, (301) 435-6680, skandasa@mail.nih.gov.

BILLING CODE 4140–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: SAMHSA Disaster Technical Assistance Center Disaster Behavioral Health Needs Assessment and Customer Satisfaction Survey (OMB No. 0930–0325)—Revision

The Substance Abuse and Mental Health Services Administration (SAMHSA) is requesting approval for a revision to the data collection associated with the SAMHSA Disaster Technical Assistance Center (DTAC) Disaster Behavioral Health Needs Assessment and Customer Satisfaction Survey (OMB No. 0930–0325), which expires on June 30, 2014. The data collection instruments include the Disaster Behavioral Health Needs Assessment (NAS)—State/Territory Version, the NAS—Local Provider Version, the Disaster Behavioral Health Follow-Up Interview Guide (NAFI), and the SAMHSA DTAC Customer Satisfaction Survey (CSS). All of the proposed data collection efforts will provide feedback on the overall effectiveness of SAMHSA DTAC's services, ongoing needs at the national level, and areas that require enhanced technical assistance (TA) services.

SAMHSA DTAC will be responsible for administering the four data collection instruments and analyzing the data. SAMHSA DTAC will use data from the instruments to inform current and future TA activities and to ensure these activities continue to align with state and local needs.

A 3-year clearance is being requested to continue the previously cleared data collection activities. The components of the data collection are listed and described below, and a summary table

of the number of respondents and respondent burden has also been included.

Disaster Behavioral Health Needs Assessment Surveys (NAS). The NAS will assist SAMHSA DTAC in identifying the current needs of states, territories, federally recognized tribes, and local organizations and agencies as they integrate disaster behavioral health (DBH) into all-hazards disaster planning and response. There are two instruments under the NAS—the NAS—State/Territory Version and the NAS—Local Provider Version. The NAS will assess the current gaps and needs at the state, territory, and local provider levels in disaster behavioral health (mental health and substance abuse) planning and response efforts and preferred methods for receiving training to address these needs. Revisions to these data collection efforts include eliminating unnecessary questions, collapsing questions to ease respondent burden, changing or adding questions and response options to address DBH needs identified through previous administrations of the NAS instruments, and revising the administration to occur every two years instead of annually. Both NAS instruments will be administered online and will be programmed to include simplified screens and intuitive navigational controls.

The NAS—State/Territory Version will be administered to all disaster mental health coordinators, disaster substance abuse coordinators, and DBH coordinators (coordinators responsible for both mental health and substance abuse disaster services) in the 50 states, the U.S. territories, and the District of Columbia, for a total of 77 participants. Coordinators will be asked to provide contact information for up to 10 local DBH service providers with whom they work. These local providers will be invited to participate in the NAS—Local Provider Version. SAMHSA DTAC anticipates inviting approximately 250 local providers to participate across a representative sample of the states and U.S. territories.

Disaster Behavioral Health Needs Assessment Follow-Up Interviews (NAFI). The NAFI will allow SAMHSA DTAC to gain a more nuanced understanding of the needs identified in the NAS. SAMHSA DTAC will use the NAFI to delve deeper into current DBH needs and specific findings from the NAS to identify gaps and trends in disaster behavioral health preparedness and response across the country and inform future TA for state, territory, and local behavioral health authorities. The instrument is designed to collect
