SUPPLEMENTARY INFORMATION:

I. Abstract

This notice is for a new information collection.

The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*, require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d)).

The Department of the Interior (DOI) owns and manages over 185 million artifacts, scientific specimens, and documents in trust for the American public—a collection surpassed in size only by that of the Smithsonian Institution. This diverse collection consists of archaeological materials, archives, art, biological specimens, ethnographic artifacts, geological specimens, historic artifacts, and paleontological specimens that are held by ten of DOI's bureaus and offices. The majority of DOI's collections are housed in bureau facilities; however, over ten percent (more than 19 million objects and 11,000 cubic feet of objects) are housed by at least 858 non-Federal repositories, the majority of which are museums associated with, or departments of, U.S. colleges and universities. Most are scientific collections from the disciplines of archaeology, biology, geology, and paleontology and include associated archival records.

DOI museum collections, regardless of where they are housed, must be managed according to preservation, documentation, educational, and other requirements in the public interest. These requirements are mandated by a number of Federal laws, regulations, and policies, notably: Act for the Preservation of American Antiquities of 1906 (Antiquities Act) (16 U.S.C. 431–433); Historic Sites Act of 1935 (16 U.S.C. 461–467); Management of

Museum Properties Act of 1955, as amended (16 U.S.C. 18f); National Historic Preservation Act of 1966, as amended (16 U.S.C. 470 *et seq.*); Archeological and Historic Preservation Act of 1974, as amended (16 U.S.C. 469–469l-2); Archaeological Resources Protection Act of 1979, as amended (16 U.S.C. 470aa–mm); Native American Graves Protection and Repatriation Act of 1990 (25 U.S.C. 3001–3013 and 18 U.S.C. 1170); Omnibus Public Land Management Act of 2009, Title VI, Subtitle D: Paleontological Resources Preservation Act (PRPA); Curation of Federally-Owned and Administered Archaeological Collections (36 CFR Part 79); and the Department of the Interior Departmental Manual, Part 411: Identifying and Managing Museum Property (411 DM).

411 DM, which implements the Federal laws and regulations noted above, requires the following information be collected, used, and retained by all bureaus that hold ownership of museum collections: Facility Checklist for Spaces Housing DOI Museum Property; museum catalog records; accession records; and inventories of museum collections. These requirements apply to all DOI museum collections regardless of each collection's location (DOI facility or non-DOI facility) or the personnel that accomplished the work (DOI staff, contractors, partners, cooperators, agencies, institutions, or similar organizations associated with the Department).

This notice of a proposed information collection is being published by the Office of Acquisition and Property Management, Department of the Interior, on behalf of all DOI bureaus and offices that manage museum collections.

SUPPLEMENTARY INFORMATION:

I. Abstract

Some of the world's most treasured and exotic animals are dangerously close to extinction. Destruction of natural habitat, illegal poaching, and pet-trade smuggling are devastating populations of tigers, rhinos, marine turtles, great apes, elephants, and many other highly cherished species. The Division of International Conservation administers competitive grant programs funded under the:

- African Elephant Conservation Act (16 U.S.C. 4201-4245).
- Asian Elephant Conservation Act of 1997 (16 U.S.C. 4261).
- Great Apes Conservation Act of 2000 (Pub. L. 106-411).
- Rhinoceros and Tiger Conservation Act of 1994 (16 U.S.C. 5306).
- Marine Turtle Conservation Act (Pub. L. 108-266).
- Endangered Species Act (16 U.S.C. 1531 *et seq.*) (Wildlife Without Borders Programs—Africa, Mexico, Latin America and the Caribbean, Russia, Critically Endangered Species, and Amphibians in Decline).

Applicants submit proposals for funding in response to Notices of Funding Availability that we publish on Grants.gov. We collect the following information:

- Cover page with basic project details (FWS Form 3-2338).
- Project summary and narrative.
- Letter of appropriate government endorsement.
- Brief curricula vitae for key project personnel.
- Complete Standard Forms 424 and 424b (nondomestic applicants do not submit the standard forms).

Proposals may also include, as appropriate, a copy of the organization's Negotiated Indirect Cost Rate Agreement (NICRA) and any additional documentation supporting the proposed project.

The project summary and narrative are the basis for this information collection. A panel of technical experts reviews each proposal to assess how well the project addresses the priorities identified by each program's authorizing legislation and the associated project costs. As all of the on-the-ground projects are conducted outside the United States, the letter of appropriate government endorsement ensures that the proposed activities will be supportive of locally identified priorities and needs. Brief curricula vitae for key project personnel allow the review panel to assess the qualifications of project staff to effectively carry out the project goals and objectives. As all Federal entities must honor the indirect cost rates an organization has negotiated with its cognizant agency, we require all organizations with a NICRA to submit the agreement paperwork with their proposals to verify how their rate is applied in their proposed budget.

All assistance awards under these grant programs have a maximum reporting requirement of:

- Interim reports (performance report and a financial status report) as appropriate, and a
- Final report (performance and financial status report and copies of all
