Agricultural Marketing Service

Title: Tobacco Reports.

OMB Control Number: 0581–0004.

Summary of Collection: The Tobacco Statistics Act of 1929 (7 U.S.C. 501–508) provides for the collection and publication of statistics of tobacco by USDA with regard to quantity of leaf tobacco in all forms in the United States and Puerto, owned by or in the possession of dealers, manufacturers, growers' cooperative associations, and others with the exception of the original growers of the tobacco. The information furnished under the provisions of this Act shall be used only for statistical purposes for which it is supplied.

Need and Use of the Information: The basic purpose of the information collection is to ascertain the total supply of unmanufactured tobacco available to domestic manufacturers and to calculate the amount consumed in manufactured tobacco products. This data is also used for the calculation of production quotas for individual types of tobacco and for price support calculations. Without the information USDA would not be able to disseminate marketing information as directed and authorized in the Act.

Description of Respondents: Business or other for-profit.

Number of Respondents: 30.

Frequency of Responses: Reporting: Quarterly.

Total Burden Hours: 104.

Agricultural Marketing Service

Title: Pistachios Grown in California, Arizona and New Mexico

OMB Control Number: 0581–0215

Summary of Collection: The Pistachio Marketing Order, (7 CFR part 983), covering pistachios grown in California, Arizona and New Mexico is established and regulated under the Agricultural Marketing Agreement Act of 1937, Secs. 1–19, 48 Stat. 31, as amended, (7 U.S.C. 601–674), herein referred to as the Act. The order regulates the handling of pistachios, authorizes grade and size requirements, as well as a requirement for aflatoxin testing on domestic

shipments only. The Secretary is authorized to oversee the order operations and issue regulations recommended by representatives from the Pistachio Committee.

Need and Use of the Information: The Agricultural Marketing Service has developed forms as a convenience for handlers and producers who are required to file certain information with the Committee relating to pistachio supplies, shipments, dispositions, and other information needed to effectively implement the requirements of the order and carry out the purposes of the Act. Collecting data less frequently would eliminate the Secretary's ability to administer the order.
