ACTION: 60-day notice.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Ocean Energy Management (BOEM) is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 581 Leasing for Minerals Other than Oil, Gas, and Sulphur in the Outer Continental Shelf.

DATES: Submit written comments by June 16, 2014.

ADDRESSES: Please send your comments on this ICR to the BOEM Information Collection Clearance Officer, Arlene Bajusz, Bureau of Ocean Energy Management, 381 Elden Street, HM–3127, Herndon, Virginia 20170 (mail); or arlene.bajusz@boem.gov (email); or 703–787–1209 (fax). Please reference ICR 1010–0082 in your comment and include your name and return address.

FOR FURTHER INFORMATION CONTACT:

Arlene Bajusz, Office of Policy, Regulations, and Analysis at (703) 787–1025 to request a copy of the ICR.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 1010–0082.
Title: 30 CFR 581, Leasing for Minerals Other than Oil, Gas, and Sulphur in the Outer Continental Shelf.

Abstract: Section 8(k) of the Outer Continental Shelf (OCS) Lands Act (Act), as amended (43 U.S.C. 1337), authorizes the Secretary of the Interior (Secretary) to grant to the qualified persons, offering the highest cash bonuses on a basis of competitive bidding, leases of any mineral other than oil, gas, and sulphur. This applies to any area of the OCS not then under lease for such mineral upon royalty,

rental, and other terms and conditions that the Secretary may prescribe at the time of the lease offer. The Secretary is to administer the leasing provisions of the Act and prescribe the rules and regulations necessary to carry out those provisions.

Regulations at 30 CFR 581 implement these statutory requirements. There has been no leasing activity in the OCS for minerals other than oil, gas, or sulphur for many years; however, because these are regulatory requirements, the potential exists for information to be collected. Therefore, we are renewing OMB approval for this information collection.

BOEM will use the information required by 30 CFR 581 to determine if statutory requirements are met prior to the issuance of a lease. Specifically, BOEM will use the information to:

- Evaluate the area and minerals requested by the lessee to assess the viability of offering leases for sale;
- Request the State(s) to initiate the establishment of a joint group to assess the proposed action;
- Ensure excessive overriding royalty interests are not created that would put economic constraints on all parties involved;
- Document that a leasehold or geographical subdivision has been surrendered by the record title holder; and
- Determine if activities on the proposed lease area(s) will have a significant impact on the environment.

We protect proprietary information according to the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2), and 30 CFR parts 580 and 582. No items of a sensitive nature are collected. Responses are mandatory.

Frequency: On occasion.

Description of Respondents: As there are no active respondents, we estimate the potential annual number of respondents to be one. Potential respondents are OCS lease requestors, State governments, and OCS lessees.

Estimated Reporting and Recordkeeping Hour Burden: We expect the annual reporting burden for this renewal to be 1,264 hours. The following table details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: We invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our burden estimates;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden on respondents.

You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (a) Before October 1, 1995; (b) to comply with requirements not associated with the information

collection; (c) for reasons other than to provide information or keep records for the Government; or (d) as part of customary and usual business or private practices.
