(viii) *Date Report Delivered to Congress*: 17 April 2014

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Kingdom of Saudi Arabia—Support Services

The Government of Saudi Arabia has requested a possible sale to provide three years of support services for the Facilities Security Forces- Training and Advisory Group (FSF–TAG) in Riyadh, Saudi Arabia in support of the Kingdom of Saudi Arabia Ministry of Interior (MOI). The support will include technical assistance and advisory support salaries, housing, office equipment, training, maintenance, vehicles, travel, furniture, and other related support. The estimated cost is \$80 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability in the Middle East.

This proposed sale will provide the continuation of FSF–TAG and its ability to provide services to Saudi Arabia’s MOI in support of its critical infrastructure protection efforts. The proposed sale conveys the U.S.’s continued commitment to Saudi Arabia’s security and strengthens our strategic partnership.

The proposed sale will not alter the basic military balance in the region.

There is no prime contractor associated with this proposed sale. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale requires the assignment of U.S. Government or contractor representatives to Saudi Arabia. At

present, there are approximately 95 U.S. Government personnel and contractor representatives in country supporting FSF–TAG.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Congress: 17 April 2014

* as defined in Section 47(6) of the Arms Export Control Act

POLICY JUSTIFICATION

Mexico—UH-60M Black Hawk Helicopters

The Government of Mexico has requested a possible sale of 18 UH-60M Black Hawk Helicopters in standard USG configuration with designated unique equipment and Government Furnished Equipment (GFE), 40 T700-GE-701D Engines (36 installed and 4 spares), 42 Embedded Global Positioning Systems/Inertial Navigation Systems (36 installed and 6 spares), 36 M134 7.62mm Machine Guns, 5 Aviation Mission Planning Systems, 18 AN/AVS-9 Night Vision Goggles, and 1 Aviation Ground Power Unit. Also included are communication security equipment including AN/ARC-210 RT-8100 series radios, Identification Friend or Foe (IFF) systems, aircraft warranty, air worthiness support, facility construction, spare and repair parts, support equipment, publications and technical documentation, personnel training and training equipment, site surveys, tool and test equipment, U.S. Government and contractor technical and logistics support services, and other related element of program, technical and logistics support. The estimated cost is \$680 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner. Mexico has been a strong partner in combating organized crime and drug trafficking organizations. The sale of these UH-60M helicopters to Mexico will significantly increase and strengthen its capability to provide in-country airlift support for its forces engaged in counter-drug operations.

Mexico intends to use these defense articles and services to modernize its armed forces and expand its existing army architecture in its efforts to combat drug trafficking organizations.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Sikorsky Aircraft Company in Stratford, Connecticut; and General Electric Aircraft Company (GEAC) in Lynn, Massachusetts. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale may require the assignment of an additional three U.S. Government and five contractor representatives in country full-time to support the delivery and training for approximately two years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 14-10

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The UH-60M aircraft is a medium lift aircraft which includes two T-701D Engines, and the Common Avionics Architecture System (CAAS) cockpit, which provides aircraft system, flight, mission, and communication management systems. The CAAS includes five Multifunction Displays (MFDs), two General Purpose Processor Units (GPPUs), two Control Display Units (CDUs) and two Data Concentrator Units (DCUs). The Navigation System will have Embedded GPS/INS (EGIs), two Digital Advanced Flight Control Systems (DAFCS), one ARN-149 Automatic Direction Finder, one ARN-147 (VOR/ILS marker Beacon System), one ARN-153 TACAN, two air data computers, and one Radar Altimeter system. The communication equipment includes the AN/APX-118 Identification Friend of Foe (IFF) system. The AN/ARC-210 RT-8100 Series V/UHF radio will be included in the UH-60M configuration. Exportable HF or Single Channel Ground and Airborne Radio System (SINCGARS) radio capability may be included in the future.

2. The AN/APX-118 IFF Transponder is capable of Modes 1, 2, 3, 3a, and the system is unclassified unless loaded with IFF Mode 4 keying material, in which case it will become classified Secret.

3. The AN/ARC-210 RT-8100 Series radio is a V/UHF voice and data capable radio using commercial encryption.

4. The Embedded GPS/INS (EGI) unit H-764G provides GPS and INS capabilities to the aircraft. The EGI will include Selective Availability anti-Spoofing Module (SAASM) security modules to be used for secure GPS PPS if required.

5. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

6. A determination has been made that the recipient country can provide the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

7. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Mexico.

Department of the Army

Notice of Availability of the Record of Decision for the Disposition of Hangars 2 and 3, Fort Wainwright, Alaska

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Garrison Commander at Fort Wainwright, Alaska, has reviewed the Final Environmental Impact Statement (EIS) for the Disposition of Hangars 2 and 3 at Fort Wainwright, Alaska, and made the decision to proceed with the implementation of Alternative 1, Demolition of Hangars 2 and 3 (the selected alternative), which includes the demolition of both hangars and supporting infrastructure. Hangars 2 and 3 are World War II-era hangars and are contributing resources within the Ladd Field National Historic Landmark (NHL) and Ladd Air Force Base Cold War Historic District. Specific details of the decision are captured in the Army's Record of Decision (ROD) for this action. Both hangars no longer meet the functional requirements of maintenance facilities for the modern Army aircraft
