

regular market hours trading. Unlike the null cross in the normal opening process in which Market Hours Orders are integrated into the book in time priority, orders entered for execution where an Opening Cross that fails to calculate an opening price and where the Opening Cross Contingency is initiated are cancelled out of the book instead of executing against regular Market Hours Orders. NASDAQ notes that this is a consequence of the orders eligible for execution in the Opening Cross being locked in the failed cross. Each System Security in which an Opening Cross Contingency is applied will open at the first last sale eligible trade when regular market hours begin, which is the NOOP for such securities.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹² in general, and with Section 6(b)(5) of the Act,¹³ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange believes that the proposed changes to Rule 4752 will promote transparency in the process for handling failures of the Opening Cross in calculating an opening price for System securities. Moreover, the proposed changes will also help assure consistent results in handling such Opening Cross failures, thus furthering fair and orderly markets, the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.¹⁴ The Exchange believes that the proposal is irrelevant to competition because it is not driven by, and will have no impact on, competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 1022 ("Securities Accounts and Orders of Specialists and Registered Options Traders") to require firms to report all of the accounts for which they engage in trading activities or which they exercise investment discretion upon request, rather than on a continuing basis.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 1022, entitled "Securities Accounts and Orders of Specialists and Registered Options Traders," regarding the identification and filing of a list of accounts identifying all accounts in which a Specialist³ or Registered Options Trader⁴ may engage in trading activity for or over which they exercise investment discretion. This filing is

³ A Specialist is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a). An options Specialist includes a Remote Specialist which is defined as an options specialist in one or more classes that does not have a physical presence on an Exchange floor and is approved by the Exchange pursuant to Rule 501.

⁴ A Registered Option Trader ("ROT") is defined in Exchange Rule 1014(b) as a regular member of the Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. A ROT includes SQTs and RSQTs as well as on and off-floor ROTs.

similar to Chicago Board Options Exchange ("CBOE") rule 8.9.

The Exchange is proposing to make the change in order eliminate the obligation for members or member organizations (collectively "member") to continuously provide nonessential regulatory documentation. The Exchange would retain the ability to request the information from the member upon request when needed.

The Exchange recognizes the importance of requiring Specialists and ROTs to keep a current list of all accounts for stock, options, or related securities or physical commodities or other derivatives which they trade or over which they have discretion. The proposed rule change would require members to keep this information accessible and updated. However, it should be noted, that the Exchange does not have an immediate and ongoing regulatory need for the information described herein. The information which is required, should be available to members today if requested by the Exchange. If the Exchange requests such information today, the Exchange may utilize other rules⁵ to request the information that is being provided today to CBOE pursuant to its rule 8.9. The Exchange believes this proposed rule will make clear that account identification information for Specialists and ROTs is to be retained by and should be provided to the Exchange upon request.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. This

proposed change will remove an impediment to a free and open market by eliminating an unnecessary ongoing reporting process to PHLX members which is not required of members conducting similar transactions on CBOE and will retain the regulatory obligation to provide the information when needed in order to effectively regulate the market. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers as this requirement continues to apply to both Specialists and ROTs.

B. Self-Regulatory Organization's Statement on Burden on Competition

Phlx does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change does not impose any burden on intramarket competition because it applies to all members and member organizations. There is no burden on intermarket competition as the proposed change is merely attempting to remove an additional reporting document that the Exchange will continue to require members to retain and produce upon request.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in

the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved. The Exchange has provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-Phlx-2014-35 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2014-35. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal

identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-Phlx-2014-35 and should be submitted on or before June 19, 2014.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72228; File No. SR-MIAX-2014-18]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 503

May 22, 2014.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 13, 2014, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend MIAX Rule 503 with respect to the Opening Process in an option series.

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed

any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 503 to change the definition of a valid width NBBO and valid width quote to correspond to the standard bid-ask differential specified under Rule 603(b)(4)(i). The Exchange's current methodology to start the Opening Process is not conducive to a quick and efficient opening on the Exchange. The proposed rule change will amend the current process to provide that the bid-ask differential to allow for the Exchange System to start the Opening Process based on the bid-ask differentials specified in Rule 603(b)(4)(i), which are wider than the bid-ask differential of Rule 603(b)(4)(ii).³ In addition, the Exchange proposes some technical changes related to the removal of the narrow-width quote standard from Rule 603(b)(4)(ii), as it would no longer be necessary once the definition of a valid width NBBO and valid width quote is updated to correspond to Rule 603(b)(4)(i).

Current Opening Process

Currently, Rule 503 describes the process pursuant to which the Exchange System opens an option series. Pursuant to the procedures described in Rule 503(e), after an initial pause following the dissemination of a quote or trade in the market for the underlying security, the Opening Process starts with one of the following events: (i) The Primary Lead Market Maker's valid width quote has been submitted; (ii) the valid width quotes of at least two Market Makers, where at least one is a Lead Market Maker have been submitted; or (iii) for multiply listed option classes, at least one Eligible Exchange (as defined in Rule 1400(f)) has disseminated a quote in the individual option in accordance with Rule 1402(a), there is a valid width NBBO available and the valid width quote of at least one Lead Market Maker

³ For purposes of this filing, the quote width in Rule 603(b)(4)(i) will be referred to as the "standard-width quote" and that of Rule 603(b)(4)(ii) [sic] will be referred to as the "narrow-width quote."
