[Release No. 34-72240; File No. SR-OC-2014-01]

Self-Regulatory Organizations; OneChicago, LLC; Notice of Filing of Proposed Rule Change to Suspend Competitive Trading of EFPs

May 23, 2014.

Pursuant to Section 19(b)(7) of the Securities Exchange Act of 1934 (the “Act”),¹ notice is hereby given that on May 23, 2014, OneChicago, LLC (“OneChicago,” “OCX,” or the “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule changes described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons. OneChicago has also filed this proposed rule change with the Commodity Futures Trading Commission (“CFTC”). OneChicago filed a written certification with the CFTC under Section 5c(c) of the Commodity Exchange Act (“CEA”) ² on May 13, 2014.

I. Self-Regulatory Organization's Description of the Proposed Rule Change

OneChicago is proposing to file with the SEC Notice to Members (“NTM”) 2014-5. NTM 2014-5 suspends the trading of competitive Exchange of Future for Physical (“EFP”) transactions. After the close of trading on May 12, 2014, market participants may no longer execute transactions in competitive EFPs on the OCX.BETS central limit order book. Market participants may, however, continue to transact privately-negotiated, off-exchange EFPs and report the futures portion of such trades through the Exchange's block and EFP system called OCX.BETS in accordance with OCX Rule 416.

The rule change is attached as *Exhibit 4* to the filing submitted by the Exchange but is not attached to the published notice of the filing.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OneChicago included statements concerning the purpose of and basis for the proposed rule changes and

discussed any comments it received on the proposed rule changes. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of OneChicago's filing is to suspend, until further notice, competitive trading of EFPs on the OneChicago System. OneChicago is taking this action due to concerns expressed by the SEC Division of Trading and Markets with respect to OneChicago's offering of competitive EFP transactions.

2. Statutory Basis

OneChicago believes that the proposed rule change is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and remove impediments to and perfect the mechanism of a free and open market and national market system. OneChicago believes that suspending transactions with uncertain regulatory requirements will allow market participants to execute only those types of transactions that are certain to comply with the Act and the CEA.

B. Self-Regulatory Organization's Statement on Burden on Competition

OneChicago does not believe that the rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change is equitable and not unfairly discriminatory because it applies to all market participants equally.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Comments on the OneChicago proposed rule change have not been solicited and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change became effective on May 12, 2014.

At any time within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refilled in accordance with the provisions of Section 19(b)(1) of the Act.⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72243; File No. SR-MIAX-2014-21]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 510 To Extend the Penny Pilot Program

May 23, 2014.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder,² notice is hereby given that, on May 19, 2014, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Rule 510, Interpretations and Policies .01 to extend the pilot program for the quoting and trading of certain options in pennies (the “Penny Pilot Program”).

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is a participant in an industry-wide pilot program that provides for the quoting and trading of certain option classes in penny increments (the “Penny Pilot Program” or “Program”). Specifically, the Penny Pilot Program allows the quoting and trading of certain option classes in minimum increments of \$0.01 for all series in such option classes with a price of less than \$3.00; and in minimum increments of \$0.05 for all series in such option classes with a price of \$3.00 or higher. Options overlying the PowerShares QQQ Trust (“QQQQ”)®, SPDR S&P 500 Exchange Traded Funds (“SPY”), and iShares Russell 2000 Index Funds (“IWM”), however, are quoted and traded in minimum increments of \$0.01 for all series regardless of the price. The Penny Pilot Program was initiated at the then existing option exchanges in January 2007 and currently includes more than 300 of the most active option classes. The Penny Pilot Program is currently scheduled to expire on June 30, 2014. The purpose of the proposed rule change is to extend the Penny Pilot Program in its current format through December 31, 2014.

In addition to the extension of the Penny Pilot Program through December 31, 2014, the Exchange will replace any Penny Pilot issues that have been delisted with the next most actively traded multiply listed option classes that are not yet included in the Penny Pilot Program. The replacement issues will be selected based on trading activity in the previous six months and will be added to the Penny Pilot Program on the second trading day following July 1, 2014. Please note, the month immediately preceding a replacement class's addition to the Pilot

program (*i.e.*, June) will not be used for purposes of the six-month analysis. Thus, a replacement added on the second trading day following July 1, 2014 will be identified based on trading activity from December 1, 2013 through May 31, 2014. Rule 510 has been updated to reflect the new date replacement issues will be added to the Penny Pilot Program.

2. Statutory Basis

The Exchange believes that its proposed rule change is consistent with Section 6(b) ³ of the Act in general, and furthers the objectives of Section 6(b)(5) ⁴ of the Act in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the proposed rule change, which extends the Penny Pilot Program for six months, allows the Exchange to continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Penny Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. In addition, consistent with previous practices, the Exchange believes the other options exchanges will be filing similar extensions of the Penny Pilot Program.
