#### SUPPLEMENTARY INFORMATION:

**Title:** Food Safety Education Campaign Tracking Research.

**Type of Request:** New information collection.

**Abstract:** FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*). FSIS protects the public by verifying that meat and poultry products are wholesome, not adulterated, and properly marked, labeled, and packaged.

FSIS, in partnership with the Ad Council, the Food and Drug Administration, and the Center for Disease Control, has developed a national public service advertising campaign to educate the public about the importance of safe food handling and how to reduce the risks associated with foodborne illness. The Ad Council and FSIS are seeking approval of an information collection to help measure the impact of the campaign. The

collection will take the form of a survey among members of the target audience, parents and guardians, age 20–45, who are caregivers to children under the age of 12 and cook meals at home at least four times per week. The survey will gauge awareness of the advertising, attitudes regarding safe food preparation, and self-reported prevention behaviors. The survey was fielded once prior to launch of materials (benchmark) in 2011, and again in 2012 (wave 2), to assess any shifts following campaign launch. A third wave of the study is planned for later in 2014 to better understand current sentiments surrounding food safe behaviors.

The Ad Council will use the same phone survey methodology in this survey as in the benchmark and wave 2 surveys in order to allow for comparison of any shifts in awareness, attitudes, and behavior over time. While the respondents who participated in the benchmark or wave 2 surveys will not be the same as those in the wave 3 survey, the same quotas will be set to ensure that the wave 3 sample characteristics are similar to the prior waves (e.g., 40%/60% mix of men and women, ages 20–45 years old, mix of income levels). This approach allows us to assess trends over time (2011–2014) on key campaign objectives.

**Estimate of Burden:** FSIS estimates that it will take each respondent 15 minutes and each non-respondent 2 minutes to participate in the survey.

**Respondents:** Consumers.

**Estimated No. of Respondents:** 1200 respondents and 6000 non-respondents.

**Estimated No. of Annual Responses per Respondent:** 1.

**Estimated Total Annual Burden on Respondents:** 500 hours. Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence SW., Room 6077, South Building, Washington, DC 20250, (202) 690–6510.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection

techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

### Food Safety and Inspection Service

[Docket No. FSIS-2014-0014]

#### Retail Exemptions Adjusted Dollar Limitations

**AGENCY:** Food Safety and Inspection Service, USDA.

**ACTION:** Notice.

**SUMMARY:** The Food Safety and Inspection Service (FSIS) is announcing the dollar limitations on the amount of meat and meat food products, poultry, and poultry products that a retail store can sell to hotels, restaurants, and similar institutions without disqualifying itself for exemption from Federal inspection requirements. In accordance with FSIS's regulations, for calendar year 2014, the dollar limitation for meat and meat food products is being increased from \$69,600 to \$70,400 and for poultry products from \$54,500 to \$57,100. FSIS is changing the dollar limitations from calendar year 2013 based on price changes for these products evidenced by the Consumer Price Index.

**DATES:** July 14, 2014.

**FOR FURTHER INFORMATION CONTACT:** Gina Kouba, Issuances Staff, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW., Room 6067, South Building, Washington, DC 20250; (202) 690-6510.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Federal Meat Inspection Act (21 U.S.C. 601 et seq.) and the Poultry Products Inspection Act (21 U.S.C. 451 et seq.) provide a comprehensive statutory framework to ensure that meat, meat food products, poultry, and poultry products prepared for commerce are wholesome, not adulterated, and properly labeled and packaged. Statutory provisions requiring inspection of the preparation or processing of meat, meat food, poultry, and poultry products do not apply to operations of types traditionally and usually conducted at retail stores and

restaurants when those operations are conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities (21 U.S.C. 661(c)(2) and 454(c)(2)). FSIS's regulations (9 CFR 303.1(d) and 381.10(d)) elaborate on the conditions under which requirements for inspection do not apply to retail operations involving the preparation of meat and meat food, and processing of poultry and poultry products.

#### Sales to Hotels, Restaurants, and Similar Institutions

Under these regulations, sales to hotels, restaurants, and similar institutions (other than household consumers) disqualify a retail store for exemption if the product sales exceed either of two maximum limits: 25 percent of the dollar value of total product sales or the calendar year dollar limitation set by the Administrator. The dollar limitation is adjusted automatically during the first quarter of the year if the Consumer Price Index (CPI), published by the Bureau of Labor Statistics, shows an increase or decrease of more than \$500 in the price of the same volume of product for the previous year. FSIS publishes a notice of the adjusted dollar limitations in the **Federal Register**. (See 9 CFR 303.1(d)(2)(iii)(b) and 381.10(d)(2)(iii)(b).)

The CPI for 2013 reveals an annual average price increase for meat and meat food products at 1.2 percent and for poultry products at 4.7 percent. When rounded to the nearest \$100, the dollar limitation for meat and meat food products increased by \$800 and the dollar limitation for poultry products increased by \$2,600. Because the dollar limitation of meat and meat food products and poultry products increased by more than \$500, FSIS is increasing the dollar limitation on sales to hotels, restaurants, and similar institutions to \$70,400 for meat and meat food products and to \$57,100 for poultry products for calendar year 2014, in accordance with 9 CFR 303.1(d)(2)(iii)(b) and 381.10(d)(2)(iii)(b).
