

2007; HHS Project Performance Site Location Form.

Abstract: The CCP consists of two grant programs, the Immediate Services Program (ISP) and the Regular Services Program (RSP). The ISP and the RSP provide supplemental funding to States, U.S. Territories, and Federally

recognized Tribes following a Presidentially-declared disaster. The grant programs provide funding for Training and Services, including community outreach, public education, and counseling techniques. States are required to submit an application that provides information on Needs

Assessment, Plan of Service, Program Management, and an accompanying Budget.

Number of Respondents: 150.

Number of Responses: 165.

Estimated Total Annual Burden Hours: 1,515 hours.

Total	150	165	1515	84,476.40

• Note: The "Avg. Hourly Wage Rate" for each respondent includes a 1.4 multiplier to reflect a fully-loaded wage rate.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$84,476.40. There are no annual costs to respondents operations and maintenance costs for technical services. There is no annual start-up or capital costs. The cost to the Federal Government is \$107,717.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be

collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Dated: June 9, 2014.

Charlene D. Myrthil,

Director, Records Management Division, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.

Federal Emergency Management Agency

[Docket No. FEMA-2014-0002]

Final Flood Hazard Determinations; Correction

AGENCY: Federal Emergency Management Agency; DHS.

ACTION: Final notice; correction.

SUMMARY: On March 20, 2014, FEMA published in the **Federal Register** a final flood hazard determination notice that contained an erroneous table. This notice provides corrections to that table, to be used in lieu of the information published at 79 FR 15598. The table provided here represents the final flood hazard determinations and communities affected for Poweshiek County, Iowa,

and Incorporated Areas, and Douglas County, Nebraska, and Incorporated Areas.

Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports have been made final for the communities listed in the table below.

The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency's (FEMA's) National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report are used by insurance agents and others to calculate appropriate flood insurance premium rates for buildings and the contents of those buildings.

DATES: The effective date is May 19, 2014, which has been established for the FIRM, and, where applicable, the supporting FIS report, showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM and, if applicable, the FIS report containing the final flood hazard information for each

community is available for inspection at the respective Community Map Repository address listed in the table below and will be available online through the FEMA Map Service Center at www.msc.fema.gov by the effective date indicated above.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone

areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at www.msc.fema.gov.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

Correction

In the final flood hazard determination notice published at 79 FR 15598 in the March 20, 2014, issue of the **Federal Register**, FEMA published tables titled "Poweshiek County, Iowa, and Incorporated Areas" and "Douglas County, Nebraska, and Incorporated Areas". These tables contained inaccurate information as to the communities affected by the final flood hazard determinations for communities in Poweshiek County, Iowa, as well as Douglas County, Nebraska. Additionally, inaccurate community map repository address was published for the City of Montezuma, Iowa featured in the "Poweshiek County, Iowa, and Incorporated Areas" table. In this document, FEMA is publishing revised tables containing the accurate information. The information provided in the tables below should be used in lieu of that previously published.

Community	Community map repository address
Poweshiek County, Iowa, and Incorporated Areas Docket No.: FEMA-B-1299 and FEMA B-1311	
City of Brooklyn	City Hall, 138 Jackson Street, Brooklyn, IA 52211.
City of Deep River	City Hall, 701 Main Street, Deep River, IA 52222.
City of Grinnell	City Hall, 927 Fourth Avenue, Grinnell, IA 50112.
City of Guernsey	City Hall, 601 Cleveland Street, Guernsey, IA 52221.
City of Malcom	City Hall, 305 Third Street, Malcom, IA 50157.
City of Montezuma	City Hall, 501 East Main Street, Montezuma, IA 50171.
City of Searsboro	City Hall, 526 Main Street, Searsboro, IA 50242.
City of Victor	City Hall, 707 Second Street, Victor, IA 52347.
Unincorporated Areas of Poweshiek County	Poweshiek County Courthouse, 302 East Main Street, Montezuma, IA 50171.
Douglas County, Nebraska, and Incorporated Areas Docket No.: FEMA-B-1299	
City of Omaha	Omaha-Douglas Civic Center, 1819 Famam Street, Omaha, NE 68183.
City of Valley	City Hall, 203 North Spruce Street, Valley, NE 68064.
Unincorporated Areas of Douglas County	Douglas County Environmental Services, 3015 Menke Circle, Omaha, NE 68134.
Village of Waterloo	Village Hall, 509 South Front Street, Waterloo, NE 68069.

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: May 9, 2014.

Roy E. Wright,

Deputy Associate Administrator for Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2014-0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final notice.

SUMMARY: New or modified Base (1% annual-chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance

premium rates for new buildings and their contents.

DATES: The effective date for each LOMR is indicated in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at www.msc.fema.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at www.msc.fema.gov.
