The assistance of persons from outside the IRS or Chief Counsel promotes efficient administration and enforcement of laws administered by the IRS, by providing specialized knowledge, skills, or abilities that the IRS officers or employees assigned to the case may not possess. For example, outside persons often assist the IRS in matters involving transfer pricing. To clarify the role of these outside persons, these temporary regulations expressly provide that when an IRS officer or employee summons a taxpayer or other witness to produce books, papers, records, or other data and/or to give testimony, an outside person hired by the IRS or Chief Counsel authorized to receive returns or return information pursuant to section 6103(n) may receive the summoned books, papers, records, or other data and take the testimony of the witness under oath.

When the IRS hires an outside person to assist an IRS officer or employee to review books and papers, analyze data, or take testimony from a summoned witness, the IRS will ensure that the inherently governmental functions associated with section 7602, for example, deciding whether to issue a summons, deciding whom to summon, what information must be produced or who will be required to testify, and issuing the summons, will still be performed by an IRS officer or employee. The contractors' role will be limited to functions that are not inherently governmental, such as taking testimony by asking questions, reviewing books or papers, or analyzing other data. As a further safeguard, the temporary regulations expressly provide that any contractor that the IRS authorizes to ask questions of a summoned witness testifying under oath must do so in the presence and under the guidance of an IRS officer or employee.

The conclusion that contractors may receive summoned books and papers, analyze data, and question summoned witnesses is consistent with Treas. Reg. § 301.7602–2(c)(1)(i)(B) and (c)(1)(ii) Example 2. Under those rules, which implement the provision requiring notice to the taxpayer of contacts by IRS officers or employees with third parties, contractors (in this case appraisers) are treated in the same manner as IRS officers or employees when they contact industry experts to discuss a taxpayer's business.

The temporary regulations are effective for summons interviews conducted on or after June 18, 2014. The applicability of the temporary regulations will expire on June 16, 2017.

#### **Special Analyses**

It has been determined that this Treasury Decision is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. The IRS has determined that sections 553(b) and (d) of the Administrative Procedure Act (5 U.S.C. chapter 5) do not apply to these regulations and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, the IRS will submit these temporary regulations to the Chief Counsel for Advocacy of the Small **Business Administration for comments** about the regulations' impact on small

DHS Department of Homeland Security FR Federal Register NPRM Notice of Rulemaking

#### A. Regulatory History and Information

On April 8, 2014, we published a notice of rulemaking (NPRM) entitled "Safety Zones; Annually Recurring Events in Coast Guard Southeastern New England Captain of the Port Zone" in the **Federal Register** (79 FR 19302). We received no comments on the rule.

#### **B.** Basis and Purpose

The legal basis for this rule is 33 U.S.C. 1231, 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; Public Law 107–295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define safety zones.

On May 22, 2012, the Coast Guard published a Final Rule in the **Federal Register** (77 FR 30188–30194) that amended certain established permanent safety zones for numerous recurring marine events within Coast Guard Sector Southeastern New England. For each recurring marine event a range of eligible dates is included in the Table to 33 CFR 165.173. The Coast Guard is amending the safety zones at section 6.2 (RI Air National Guard Air Show) and

7.12 (Swim Buzzards Bay) of the Table contained in 33 CFR 165.173. This amendment adds an additional month to the eligible dates for which the safety zones at 33 CFR 165.173 apply to each of these two events.

#### C. Background

For the Air Show, the month of May is added to June and July, so that the safety zone at 33 CFR 165.173 now applies to one weekend in May, June, or July, rather than just June or July as was applicable under the original regulation being amended.

For the Swim, the month of June is added to July and August, so that the safety zone at 33 CFR 165.173 applies to one Saturday or Sunday in June, July, or August, rather than just July or August as was applicable under the original regulation being amended.

These revisions provide a larger window of eligible dates for the sponsors of each event to better coordinate with other waterway users, major participants, and state and local safety officials.

## D. Discussion of Comments, Changes and the Final Rule

No comments were received, and no changes were made to the language contained in the NPRM.

#### E. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

#### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. Although this regulation may have some impact on the public, the potential impact will be minimized for the following reasons: The Air Show will be limited to only a single three-day weekend period (Friday, Saturday, and Sunday) potentially in the month of May, and the Air Show has occurred annually for many years with no negative public comments or concerns regarding impacts to navigation. The Swim will be limited to only a single
