

2015. These registrations are listed in sequence by registration number in Table 1 of this unit.

Unless the Agency determines that there are substantive comments that

warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue orders in the **Federal Register** canceling all of the

affected registrations, if appropriate, according to the terms and conditions outlined in the registrants' requests for cancellation.

III. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) provides for the possibility of a 180-day comment period where the voluntary cancellation involves a pesticide registered for at least one minor agricultural use. Because propoxur is not registered for any minor agricultural uses, this 180-day comment provision does not apply, and EPA is providing a 30-day comment period on the requests

for voluntary cancellation of the propoxur registrations.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**.

V. Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for cancellation of product registrations, EPA anticipates inclusion of the following provisions for the treatment of any existing stocks of the products identified in Table 1 of Unit II.: Sergeant's and/or Wellmark may not "release for shipment," as that term is defined by 40 CFR 152.3, any additional product as currently formulated after April 1, 2015, and may not sell or distribute existing stocks of such product after April 1, 2016. All sale or distribution of such existing stocks by Sergeant's and/or Wellmark is prohibited after April 1, 2016, unless that sale or distribution is solely for the purpose of facilitating disposal or export of the product consistent with FIFRA section 17.

After April 1, 2016, persons other than the registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
