BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2014-0279; Airspace Docket No. 14-ANM-3]

Proposed Modification of Class D and Class E Airspace; Pasco, WA

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify the Class D and Class E airspace at Tri-Cities Airport, Pasco, WA. Controlled airspace is necessary to accommodate the new Area Navigation (RNAV) Global Positioning System (GPS) standard instrument approach procedures at the airport. This action, initiated by the biennial review of the Pasco WA, airspace area, would enhance the safety and management of IFR operations at the airport.

DATES: Comments must be received on or before August 18, 2014.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-9826. You must identify FAA Docket No. FAA-2014-0279; Airspace Docket No. 14-ANM-3, at the beginning of your comments. You may also submit comments through the Internet at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Richard Roberts, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue SW., Renton, WA 98057; telephone (425) 203-4517.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in

developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2014-0279 and Airspace Docket No. 14-ANM-3) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2014-0279 and Airspace Docket No. 14-ANM-3". The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 1601 Lind Avenue SW., Renton, WA 98057.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, for a copy of Advisory

Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by modifying Class D airspace, Class E surface airspace and Class E airspace extending upward from 700 feet above the surface at the Tri-Cities Airport, Pasco, WA. After a biennial review of the airspace, the FAA found modification of the airspace necessary for the safety and management of aircraft departing and arriving under IFR operations at the airport. The Class D airspace area would be expanded from the existing 4.3 miles to 4.8 miles, west of the airport, from the 255° radial to the 12° radial and two segments extending 5.8 miles southwest and northeast of the airport would be added. The cutout of the Class D airspace for Vista Airport would be eliminated, as Vista Airport is closed. The Class E surface airspace would be adjusted to coincide with the dimensions of the Class D airspace. The Class E airspace designated as an extension to the Class D and Class E surface area would be removed as they are no longer needed for IFR operations. The Class E airspace extending 700 feet above the surface would be decreased to an 11 mile radius of the airport with segments extending from the 11 mile radius to 13 miles northeast and southeast of the airport and a segment 4 miles south and 9 miles north of a 226 degree bearing from the airport extending to 15 miles southwest of the airport. These actions are necessary to accommodate RNAV (GPS) standard instrument approach procedures and for the safety and management of IFR operations at the airport.

Class D airspace and Class E airspace designations are published in paragraph 5000, 6002, 6004 and 6005 respectively, of FAA Order 7400.9X, dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in this Order.

The FAA has determined this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation; (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3)

does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority for the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify controlled airspace at Central Airport, Pasco, WA.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August 7, 2013, and effective September 15, 2013 is amended as follows:

Paragraph 5000 Class D airspace.

* * * * *

ANM WA D Pasco, WA [Modified]

Pasco, Tri-Cities Airport, WA
(Lat. 46°15'53" N., long. 119°07'09" W.)

That airspace extending upward from the surface to and including 2,900 feet MSL within a 4.3-mile radius of Tri-Cities Airport, and that airspace within a 4.8-mile radius of the airport from the 256° bearing from the airport clockwise to the 11° bearing from the airport, and that airspace within a 5.8-mile radius of the airport from the 11° bearing from the airport clockwise to the 83° bearing from the airport, and within a 5.8-mile radius of the airport from the 213° bearing clockwise to the 256° bearing from the airport.2sp This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

Paragraph 6002 Class E airspace designated as surface areas.

* * * * *

ANM WA E2 Pasco, WA [Modified]

Pasco, Tri-Cities Airport, WA
(Lat. 46°15'53" N., long. 119°07'09" W.)

That airspace extending upward from the surface within a 4.3-mile radius of Tri-Cities Airport and that airspace within 4.8-mile radius of the airport from the 256° bearing from the airport clockwise to the 11° bearing from the airport and that airspace within a 5.8-mile radius of the airport from the 11° bearing from the airport clockwise to the 83° bearing from the airport and within 5.8-mile radius of the airport from 213° bearing clockwise to the 256° bearing from the airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

Paragraph 6004 Class E airspace areas designated as an extension to Class D or Class E surface area.

* * * * *

ANM WA E4 Pasco, WA [Removed]

Pasco, Tri-Cities Airport, WA
(Lat. 46°15'53" N., long. 119°07'09" W.)
Pasco VOR/DME
(Lat. 46°15'47" N., long. 119°06'57" W.)

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANM WA E5 Pasco, WA [Modified]

Pasco, Tri-Cities Airport, WA
(Lat. 46°15'53" N., long. 119°07'09" W.)

That airspace extending upward from 700 feet above the surface within 7.8-mile radius of the Tri-Cities Airport, and that airspace within an 11-mile radius of the airport from the 265° bearing from the airport clockwise to 16° bearing from the airport, and that airspace from the 54° bearing from the airport clockwise to the 112° from the airport, and that airspace 3.5 miles either side of the 35° bearing of the airport extending from the 11 mile radius to 13mile northeast of the airport,

and that airspace and that airspace 4.0 miles either side of the 133° bearing extending from the airport to 13 miles southeast of the airport, and that airspace 4 miles southeast and 9 miles northwest of the 226° bearing from the airport extending from the airport 15 miles southwest; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at lat. 45°49'00" N., long. 118°00'00" W.; to lat. 45°49'00" N., long. 119°45'00" W.; to lat. 47°00'00" N., long. 119°45'00" W., to lat. 47°00'00" N., long. 118°00'00" W.; thence to the point of origin.

Issued in Seattle, Washington, on June 23, 2014.

Christopher Ramirez,

Manager (A), Operations Support Group, Western Service Center.

BILLING CODE 4910–13–P

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Part 1110

[CPSC Docket No. CPSC–2013–0017]

Workshop on Electronic Filing of Certificates as Included in Proposed Rule on Certificates of Compliance

AGENCY: Consumer Product Safety Commission.

ACTION: Announcement of meeting and request for comments.

SUMMARY: The U.S. Consumer Product Safety Commission (CPSC, Commission, or we) staff is holding a workshop on aspects of the Commission's proposed rule on Certificates of Compliance (certificates), which the Commission published on May 13, 2013. Among other things, the Commission proposed to require electronic filing of certificates for regulated imported consumer products with U.S. Customs and Border Protection (CBP) at the time of filing the CBP entry or the time of filing the entry and entry summary, if both are filed together. The workshop will focus on this aspect of the proposed rule. We invite interested parties to participate in, or attend the workshop, and to submit written comments.

DATES: The workshop will be held from 9 a.m. to 4 p.m. on Thursday, September 18, 2014. Individuals interested in presenting information and participating on a panel at the workshop should register by Friday, August 8, 2014; all other individuals who wish to attend the workshop should register by Friday, September 5, 2014. The workshop will be available via webcast, but viewers will not be able to interact with the panelists and presenters.
