

than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before August 25, 2014. Oral presentations from the public will be scheduled between approximately 11:30 a.m. and 12:30 p.m. on September 23, 2014. Those individuals interested in making formal oral presentations should notify the contact person and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before August 15, 2014. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by August 18, 2014.

Persons attending FDA's advisory committee meetings are advised that the Agency is not responsible for providing access to electrical outlets.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Walter Ellenberg at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at <http://www.fda.gov/AdvisoryCommittees/>

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Ryan White HIV/AIDS Program, AIDS Education and Training Centers, Graduate Medical Education Grant Under the Ryan White HIV/AIDS Program

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice of a Class Deviation from Competition Requirements for the HIV/AIDS Bureau's (HAB) Ryan White HIV/AIDS Program, AIDS Education and Training Centers (AETC), Graduate Medical Education (GME) Program (H4A).

SUMMARY: HRSA will be issuing non-competitive awards under the Ryan White HIV/AIDS Program, AETC/GME Program. Approximately \$450,000 will be made available in the form of a grant to current grantees (listed in chart below) during the budget period of July 1, 2014, through June 30, 2015. This will: (1) Continue the current cohort and provide support for one additional cohort of graduate medical residents; (2) continue to provide workforce development that is integral to the national interest through meeting National HIV/AIDS Strategy goals, and that enhances the implementation of the Affordable Care Act; and (3) provide a more robust program evaluation that will yield sufficient data; and aid HRSA/HAB in future decisions regarding the replication and the viability of a subsequent GME competition. The scope of work does not change.

SUPPLEMENTARY INFORMATION: Intended recipients of the awards are the three incumbent grantees of record (listed in chart below). The amount of the non-competitive awards is \$150,000 per grantee.

Authority: Section 2692 of the Public Health Service Act, 42, U.S.C. 300ff-111. *CFDA Number:* 93.145

Project period: July 1, 2014, through June 30, 2015.

Justification: The GME Program, which has three funded grantees: Yale University (H4AHA22762), Research Foundation of the State University of New York (H4AHA22761), and Family Medicine Residency of Idaho (H4AHA22760), is scheduled to end June 30, 2014. The Ryan White HIV/AIDS AETC/GME Program seeks to provide a one-time non-competitive award in order to avoid interruption in continued HIV primary medical care education at these three universities by completing the current cohort and producing one more cohort of graduates, thus providing additional time to accurately assess and evaluate the success of the program. This is a primary care training group, which helps link critical HIV/AIDS resources within and across communities to help expand the clinician workforce capacity to meet the growing demand for HIV care by training their medical residents. The purpose of the GME program (which ties directly to the shortage of primary health care providers in HIV/AIDS care in the United States) is to fund public and nonprofit private entities and schools, and academic health science centers in order to expand opportunities to train medical residents in HIV/AIDS care and treatment. Grant funds are requested in order to accomplish this purpose and meet the three objectives described in the above summary. This funding is intended to bridge the gap until this GME program may be competed again.
