

compliance with the applicable TRS mandatory minimum standards.

On August 26, 2013, the Commission issued a Report and Order, *In the Matter of Misuse of Internet Protocol (IP) Captioned Telephone Service; Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities*, CG Docket Nos. 13–24 and 03–123, published at 78 FR 53684, August 30, 2013, to regulate practices relating to the marketing of IP CTS, impose certain requirements for the provision of this service, and mandate registration and certification of IP CTS users. The Commission published a notice in the **Federal Register** pursuant to 5 CFR 1320.8(d) on September 25, 2013 (78 FR 59025), seeking comments from the public on the information collection requirements contained in the initial supporting statement. Sorenson Communications, Inc., and its subsidiary CaptionCall, LLC (together, CaptionCall), filed comments on November 25, 2013, regarding the user registration and certification requirements adopted in the Report and Order as well as the certification, recordkeeping, and reporting requirements for hardship exemptions to the captions-off default setting requirement, also adopted in the Report and Order. CaptionCall did not comment on the other collections adopted in the Report and Order.

Subsequently, on December 6, 2013, the United States Court of Appeals for the District of Columbia Circuit stayed “the rule adopted by the Commission [in the Report and Order] prohibiting compensation to providers for minutes of use generated by equipment consumers received from providers for free or for less than \$75.” *Sorenson Communications, Inc. and CaptionCall, LLC v. FCC*, Order, D.C. Cir., No. 13–1246, December 6, 2013, at 1–2. (For convenience, this notice refers to the requirement subject to the stay as “the \$75 equipment charge rule.”) In the revised supporting statement, the Commission sought OMB approval of the following requirements adopted in the Report and Order: (1) The requirements regarding the labeling of equipment, software and mobile applications; (2) the certification, recordkeeping, and reporting requirements for the hardship exemption to the captions default-off requirement; and (3) an additional information reporting requirement for IP CTS applicants that seek Commission certification to provide IP CTS and for IP CTS providers, requiring applicants to provide assurance that they will not request or collect payment from the TRS

Fund for service to consumers who do not satisfy the Commission’s IP CTS registration and certification requirements. Because the registration and certification requirements adopted in the Report and Order are related to the \$75 equipment charge rule that was stayed by the court of appeals, the Commission did not seek OMB approval of those requirements at that time. See 79 FR 23354, April 28, 2014.

On June 18, 2014, OMB approved, for a period of three years, the information collection requirements specified above that are contained in the Commission’s Report and Order, FCC 11–118, published at 78 FR 53684, August 30, 2013. The OMB Control Number is 3060–1053.

On June 20, 2014, the D.C. Circuit vacated the \$75 equipment charge rule and the rule requiring providers to maintain captions-off as the default setting for IP CTS equipment. *Sorenson Communications, Inc. and CaptionCall, LLC v. FCC* (D.C. Cir., Nos. 13–1122 and 13–1246, June 20, 2014).

On July 11, 2014, the Commission published a notice in the **Federal Register** a notification that information collection requirements (1) regarding the labeling of equipment, software and mobile applications; (2) the certification, recordkeeping, and reporting for the hardship exemption to the captions default-off requirement; and (3) for IP CTS applicants that seek Commission certification to provide IP CTS and for IP CTS providers to provide assurance that they will not request or collect payment from the TRS Fund for service to consumers who do not satisfy the Commission’s IP CTS registration and certification requirements would become effective immediately. Because the court had not yet issued its mandate, the captions-off default requirement, 47 CFR 64.604(c)(10)(i), (ii), (iii), and (v), remained in effect, and the certification, recordkeeping, and reporting requirements for the hardship exemption to the captions default-off requirement, 47 CFR 64.604(c)(10)(iv), became effective at that time.

This notice and request for comments pertains to the user registration and certification requirements adopted in the IP CTS Reform Order. Specifically, IP CTS providers are required to obtain from new and existing IP CTS consumers self-certification of hearing loss necessitating the use of IP CTS and their understanding of the IP CTS program. In addition, existing IP CTS consumers with free or de minimis cost equipment must further submit professional certification. 47 CFR 64.604(c)(9).
