Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. If a person other than Mr. Chaisson requests a hearing, that person shall set forth with particularity the manner in which his or her interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.309(d) and (f).

If a hearing is demanded by Mr. Chaisson or requested by a person

whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearings. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained. In the absence of any demand or request for hearing, or written approval of an extension of time in which to demand or request a hearing, the provisions specified in Section IV above shall be effective and final 30 days after the date of issuance of this Order, without further order or proceedings. If an extension of time for demanding or requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing demand or request has not been received.

OFFICE OF PERSONNEL MANAGEMENT

System of Records Notice; CyberCorps®: Scholarship For Service (SFS)

AGENCY: U.S. Office of Personnel Management (OPM).

ACTION: Notice of amendment to system of records.

SUMMARY: OPM has amended an existing system of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. This amendment adds several categories of records to be collected. For participating students, additional categories of records include emergency contact information, initial funding semester/quarter, date available for post-graduation commitment, high school background, post high school education background, current certifications, cybersecurity employment Information and History, gender, ethnicity, race, and US armed forces status.

For officials from participating academic institutions, additional categories of records include SFS award information and institution demographics.

There are no changes to the categories of records collected for agency officials.

This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of system of records maintained by the agency (5 U.S.C. 552a(e)(4)). The system has been operational since March 24, 2003 without incident.

DATES: This action will be effective without further notice on August 27, 2014 unless comments are received that would result in a contrary determination.

ADDRESSES: Send written comments to the Office of Personnel Management, ATTN: Travis McKone, CyberCorps®: Scholarship for Service Program, 200 Granby Street, Suite 500, Norfolk, VA, 23510–1886.

FOR FURTHER INFORMATION CONTACT: Kathryn Roberson, 405–259–8277.

SUPPLEMENTARY INFORMATION: The CyberCorps®: Scholarship For Service Web site (SFS) allows OPM the ability to fulfill its responsibility for the SFS

program which was established by the National Science Foundation (NSF) in accordance with the Federal Cyber Service Training and Education Initiative as described in the President's *National Plan for Information Systems Protection* to facilitate the timely registration, selection and placement of program-enrolled students in Federal agencies.

This program seeks to increase the number of qualified students entering the fields of information assurance and computer security in an effort to respond to the threat to the Federal Government's information technology infrastructure. The program provides selected 4-year colleges and universities scholarship grants to attract students to the information assurance field.

Participating students who receive scholarships from this program are required to serve a 10-week internship during their studies and complete a post-graduation employment commitment equivalent to the length of the scholarship or one year, whichever is longer.

OPM operates this System of Records for NSF under a reimbursable (Economy Act) agreement with NSF. (NSF enters into agreements (including Memoranda of Understanding) with other U.S. government agencies, as authorized by the NSF Act, 42 U.S.C. 1870(c) and the Economy Act: 31 U.S.C. 1535, under which NSF assumes some responsibility for activities supported by these agencies. These activities can include jointly funded projects and programs, support of research operations and logistics, and access to NSF supported research facilities.)

Designated OPM personnel use SFS to update student information. The system also provides registered agency officials read-only access to student resumes to consider them for placement with their agency. Furthermore, it allows registered academic institution officials limited read-only access to information related to student participants in their program so they can determine if program requirements are being met.

Race and national origin (RNO) data will not be released to hiring officials and will only be released publicly in non-identifiable or aggregate form.

U.S. Office of Personnel Management.

Director.
