Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information

collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes extensions and revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, Email address: OIRA_Submission@omb.eop.gov.

(SSA) Social Security Administration, OLCA, Attn: Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410-966-2830, Email address:

OR.Reports.Clearance@ssa.gov.

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the

date of this notice. To be sure we consider your comments, we must receive them no later than September 22, 2014. Individuals can obtain copies of the collection instruments by writing to the above email address.

1. Application for Search of Census Records for Proof of Age—20 CFR 404.716—0960-0097. When preferred evidence of age is not available, or the available evidence is not convincing, SSA may ask the U.S. Department of Commerce, Bureau of the Census, to search its records to establish a claimant's date of birth. SSA collects information from claimants using Form SSA-1535-U3 to provide the Census Bureau with sufficient identification information to allow an accurate search of census records. Additionally, the Census Bureau uses a completed, signed SSA-1535-U3 to bill SSA for the search. The respondents are applicants for Social Security benefits who need to establish their date of birth as a factor of entitlement.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-1535-U3	18,030	1	12	3,606

2. Public Information Campaign—0960-0544. Periodically, SSA sends various public information materials, including public service announcements, news releases, and educational tapes, to public

broadcasting systems so they can inform the public about various programs and activities SSA conducts. SSA frequently sends follow-up business reply cards for these public information materials to obtain suggestions for improving them.

The respondents are broadcast television sources.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total burden (hours)
Television	1,000	2	1	33

3. Medicare Subsidy Quality Review Forms—20 CFR 418(b)(5)—0960-0707. The Medicare Modernization Act (MMA) of 2003 mandated the creation of the Medicare Part D prescription drug coverage program and provides certain subsidies for eligible Medicare beneficiaries to help pay for the cost of

prescription drugs. As part of its stewardship duties of the Medicare Part D subsidy program, SSA must conduct periodic quality review checks of the information Medicare beneficiaries report on their subsidy applications (Form SSA-1020). SSA uses the Medicare Quality Review program to

conduct these checks. The respondents are applicants for the Medicare Part D subsidy whom SSA chose to undergo a quality review.

Type of Request: Revision of an OMB-approved information collection.

⁴⁴ 17 CFR 200.30-3(a)(12).

4. Application to Collect a Fee for Payee Service—20 CFR 416.640.640(a), 416.1103(f)—0960-0719. Sections 205(j)(4)(A) and (B) and 1631(a)(2) of the Social Security Act (Act) allow SSA to authorize certain organizational representative payees to collect a fee for

providing payee services. Before organizations may collect this fee, they complete and submit Form SSA-445. SSA uses the information to determine whether to authorize or deny permission to collect fees for payee services. The respondents are private

sector businesses or State and local government offices applying to become fee-for-service organizational representative payees.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of responses	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)

5. Redetermination of Eligibility for Help with Medicare Prescription Drug Plan Costs—0960-0723. As per the requirements of the MMA of 2003, SSA conducts low-income subsidy eligibility redeterminations for Medicare beneficiaries who currently receive the Medicare Part D subsidy and who meet certain criteria. Respondents complete Form SSA-1026-REDE under the following circumstances: (1) When

individuals became entitled to the Medicare Part D subsidy during the past 12 months; (2) if they were eligible for the Part D subsidy for more than 12 months; or (3) if they reported a change in income, resources, or household size. Part D beneficiaries complete the SSA-1026-SCE when they need to report a potentially subsidy-changing event, including the following: (1) Marriage, (2) spousal separation, (3) divorce, (4)

annulment of a marriage, (5) spousal death, or (6) moving back in with one's spouse following a separation. The respondents are current recipients of the Medicare Part D low-income subsidy who will undergo an eligibility redetermination for one of the reasons mentioned above.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-1026-OCR-MS-SCE	9,176	1	18	2,753

Total	170,942	51,283

6. Electronic Records Express (Third Parties)—20 CFR 404.1700-404.1715—0960-0767. Electronic Records Express (ERE) is an online system which enables medical providers and various third party representatives to download and

submit disability claimant information electronically to SSA as part of the disability application process. To ensure only authorized people access ERE, SSA requires third parties to complete a unique registration process if they wish

to use this system. This information collection request (ICR) includes the third-party registration process; the burden for submitting evidence to SSA is part of other, various ICRs. The respondents are third party

representatives of disability applicants or recipients who want to use ERE to electronically access clients' disability

files online and submit information to SSA.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Number of responses	Average burden per response (minutes)	Estimated total annual burden (hours)
ERE	12,000	281	(3,372,000)	1	56,200

7. Screen Pop—20 CFR 401.45—0960–0790. Section 205(a) of the Act requires SSA to verify the identity of individuals who request a record or information pertaining to themselves, and to establish procedures for disclosing personal information. SSA established Screen Pop, an automated telephone process, to increase speed of verification for such individuals. Accessing Screen Pop, callers enter their

Social Security number (SSN) using their telephone keypad or speech technology prior to speaking with a National 800 Number Network (N8NN) agent. The automated Screen Pop application collects the SSN and routes it to the “Start New Call” Customer Help and Information (CHIP) screen. Functionality for the Screen Pop application ends once the SSN connects to the CHIP screen and the SSN routes

to the agent's screen. When the call connects to the N8NN agent, the agent can use the SSN to access the caller's record as needed. The respondents for this collection are individuals who contact SSA's N8NN to speak with an agent.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of responses	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Screen Pop	55,600,000	1	1	926,667

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than August 22, 2014. Individuals can obtain copies of the OMB clearance packages by writing to *OR.Reports.Clearance@ssa.gov*.

1. Statement Regarding Date of Birth and Citizenship—20 CFR 404.716—0960–0016. Section 205(a) of the Act gives the Commissioner of SSA the authority to make rules and regulations, and to establish procedures for collecting evidence from individuals applying for Social Security benefits. When individuals apply for Social Security benefits and cannot provide preferred methods of proving age or citizenship, SSA uses Form SSA–702 to

establish these facts. Specifically, SSA uses the SSA–702 to establish age as a factor of entitlement to Social Security benefits or U.S. citizenship as a payment factor. Respondents are individuals with knowledge about the date of birth or citizenship of applicants filing for one or more Social Security benefits who need to establish age or citizenship.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–7157	1,200	1	10	200

2. Application for Benefits under a U.S. International Social Security Agreement—20 CFR 404.1925–0960–0448. Section 233(a) of the Act authorizes the President of the United States to broker international Social Security agreements (Totalization

Agreements) between the United States and foreign countries. SSA collects information using Form SSA–2490–BK to determine entitlement to Social Security benefits from the United States, or from a country that enters into a totalization agreement with the United

States. The respondents are individuals applying for Old Age, Survivors, and Disability Insurance benefits from the United States or from a Totalization Agreement country.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–2490–BK (Modernized Claims System)	14,175	1	30	7,088

Totals	16,200	8,101

3. Teacher Questionnaire and Request for Administrative Information—20 CFR 416.1103(f)—0960–0646. When determining the effects of a child's impairment for children applying for Title II childhood disability benefits, SSA obtains information about the

child's functioning from teachers, parents, and others who observe the child on a daily basis. SSA obtains results of formal testing, teacher reports, therapy progress notes, individualized education programs, and other records of a child's educational aptitude and

achievement using Forms SSA–5665–BK and SSA–5666. The respondents are parents, teachers, and other education personnel.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)

4. Medicare Part D Subsidies Regulations—20 CFR 418.3625, 418.3645, 418.3665(a), and 418.3670—0960–0702. The MMA of 2003 established the Medicare Part D program for voluntary prescription drug coverage of premium, deductible, and co-payment costs for certain low-income individuals. The MMA also mandated

the provision of subsidies for those individuals who qualify for the program and who meet eligibility criteria for help with premium, deductible, or co-payment costs. This law requires SSA to make eligibility determinations and to provide a process for appealing SSA's determinations. Regulation sections 418.3625(c), 418.3645, 418.3665(a), and

418.3670 contain public reporting requirements pertaining to administrative review hearings. Respondents are applicants for the Medicare Part D subsidies who request an administrative review hearing.

Type of Request: Extension of an existing OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
418.3625(c)	150	1	5	13
418.3645	10	1	20	3
418.3665(a)	300	1	5	25

Total	460	41

5. Help America Vote Act—0960–0706. House Rule 3295, the Help America Vote Act of 2002, mandates that States verify the identities of newly registered voters. When newly registered voters do not have driver's licenses or State-issued ID cards, they must supply the last four digits of their Social Security number to their local State election agencies for verification. The election agencies forward this

information to their State Motor Vehicle Administration (MVA), who inputs the data into the American Association of MVAs, a central consolidation system that routes the voter data to SSA's Help America Vote Verification (HAVV) system. Once SSA's HAVV system has confirmed the identity of the voter, the information will return along the same route in reverse until it reaches the State election agency. The official

respondents for this collection are the State MVAs.

Note: This is a correction notice: SSA published the incorrect burden information for this collection at 79 FR 37828 on 07/02/14. We are correcting this error here.

Type of Request: Revision of an OMB-approved information collection.

SOCIAL SECURITY ADMINISTRATION**[Docket No. SSA-2014-0038]****Finding Regarding Foreign Social Insurance or Pension System—Slovenia****AGENCY:** Social Security Administration.**ACTION:** Notice of Finding Regarding Foreign Social Insurance or Pension System—Slovenia.

Finding: Section 202(t)(1) of the Social Security Act (42 U.S.C. 402(t)(1)) prohibits payment of monthly benefits to any individual who is not a United States citizen or national for any month after he or she has been outside the United States for 6 consecutive months. This prohibition does not apply to such an individual where one of the exceptions described in section 202(t)(2) through 202(t)(5) of the Social Security Act (42 U.S.C. 402(t)(2) through 402(t)(5)) affects his or her case.

Section 202(t)(2) of the Social Security Act provides that, subject to certain residency requirements of Section 202(t)(11), the prohibition against payment shall not apply to any individual who is a citizen of a country which the Commissioner of Social Security finds has in effect a social insurance or pension system which is of general application in such country and which:

(a) Pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death; and

(b) permits individuals who are United States citizens but not citizens of that country and who qualify for such benefits to receive those benefits, or the actuarial equivalent thereof, while outside the foreign country regardless of the duration of the absence.

The Commissioner of Social Security has delegated the authority to make such a finding to the Associate Commissioner of the Office of International Programs. Under that authority, the Associate Commissioner of the Office of International Programs approved a finding that Slovenia, beginning April 1, 1992, has a social insurance system of general application which:

(a) Pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death; and

(b) permits United States citizens who are not citizens of Slovenia to receive such benefits, or their actuarial equivalent, at the full rate without qualification or restriction while outside Slovenia.

Accordingly, notice is given that it has been determined and found that

Slovenia has in effect, beginning April 1, 1992, a social insurance system which meets the requirements of section 202(t)(2) of the Social Security Act (42 U.S.C. 402(t)(2)).

This determination is our first finding under section 202(t) of the Social Security Act for Slovenia. On April 1, 1992, the United States recognized Slovenia as an independent nation. Before that time, it was considered to be part of former Yugoslavia which, on March 25, 1959, had been determined to have a system that met section 202(t)(2) of the Social Security Act. The system remained in force in Slovenia until the Law on Pension and Disability Insurance went into effect on April 1, 1992. Thus, prior to that date Slovenian citizens were afforded the social insurance exception to the alien nonpayment provision based on the Yugoslavian system which was then in effect.
