

of the Consumer Advocate, Rhode Island Division of Public Utilities and Carriers, Vermont Department of Public Service, Associated Industries of Massachusetts, The Energy Consortium, Power Options, Inc., Western Massachusetts Industrial Group, Environment Northeast, National Consumer Law Center, the Greater Boston Real Estate Board, and the Industrial Energy Consumer Group (collectively, Complainants) filed a formal complaint against Bangor Hydro-Electric Company, Central Maine Power Company, New England Power Company d/b/a National Grid, New Hampshire Transmission LLC d/b/a NextEra, NSTAR Electric Company, Northeast Utilities Service Company, on behalf of its operating company affiliates: The Connecticut Light and Power Company, Western Massachusetts Electric Company, and Public Service Company of New Hampshire, The United Illuminating Company, Unitil Energy Systems, Inc., Fitchburg Gas and Electric Light Company, and Vermont Transco, LLC (collectively, Respondents) alleging that, Respondents' return on equity (ROE) currently reflected in ISO New England Inc.'s Open Access Transmission Tariff (ISO-NE OATT) is unjust and unreasonable. Complainants request the Commission issue an order to reduce the ROE used in calculating formula rates for transmission service under the ISO-NE OATT.

The Complainants certifies that copies of the complaint were served on the contacts for the Respondents and the ISO-NE as listed in the Commission's list of Corporate Officials and on parties and the regulatory agencies the Complainants reasonably expect to be affected by this complaint.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically

should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

#### Sierra Green Energy, LLC v. Pacific Gas and Electric Company; Notice of Complaint

Take notice that on August 4, 2014, pursuant to Rule 218 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.218, Sierra Green Energy, LLC (SGE or Complainant), filed a formal complaint against Pacific Gas and Electric Company (PG&E or Respondent), alleging that the Respondent breached certain legal and contractual obligations as set forth in the Power Purchase Agreement and Small Generator Interconnection Agreement, as more fully explained in the complaint.

The Complainant states that a copy of the complaint has been served on the Respondent.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as

appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP14-498-000]

#### Rockies Express Pipeline, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Zone 3 East-To-West Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Zone 3 East-to-West Project (Project) involving construction and operation of facilities by Rockies Express Pipeline, LLC (Rockies Express) in Illinois, Indiana, and Ohio. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the Project. Your input will help the Commission staff determine what issues they need to

evaluate in the EA. Please note that the scoping period will close on September 4, 2014. Further details on how to submit written comments are in the Public Participation section of this notice.

This notice is being sent to the Commission's current environmental mailing list for this Project. State and local government representatives should notify their constituents of this proposed Project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the Project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

Rockies Express provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site ([www.ferc.gov](http://www.ferc.gov)).

#### Summary of the Proposed Project

The purpose of the Project is to enable bi-directional flow capability within Rockies Express Zone 3, thereby allowing the existing 42" Rockies Express Pipeline to offer an additional 1,200,000 dekatherms per day (Dth/d) of east-to-west firm transportation of Appalachian Basin gas production to Midwestern gas markets, while maintaining existing firm transportation commitments stations, over pressure protection addition to Zone 3 delivery interconnects, and modifications to four existing delivery interconnects.

#### Modifications to Existing Compressor Stations

- Station piping to provide bi-directional flow at the existing Chandlerville, Hamilton, and Bainbridge Compressor Stations in Muskingum County and Warren County, Ohio; and Putnam County, Indiana; and
- mainline pressure regulation facilities at the existing Blue Mound
