B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: August 19, 2014.

Colette Pollard,

*Department Reports Management Officer,
Office of the Chief Information Officer.*

[FR Doc. 2014–20047 Filed 8–21–14; 8:45 am]

BILLING CODE 4210–67–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5750–N–34]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402–3970; TTY number for the hearing- and speech-impaired (202) 708–2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800–927–7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88–2503–OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for “off-site use only” recipients of the property will be required to relocate the building to their

own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B–17, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, (301) 443–2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1–800–927–7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: AGRICULTURE: Ms. Debra Kerr, Department of Agriculture, Reporters Building, 300 7th Street SW., Room 300, Washington, DC 20024, (202) 720-8873; AIR FORCE: Ms. Connie Lotfi, Air Force Real Property Agency, 143 Billy Mitchell Blvd., San Antonio, TX 78226, (210) 925-3047; COAST GUARD: Commandant, United States Coast Guard, Attn: Jennifer Stomber, 2100 Second St. SW., Stop 7901, Washington, DC 20593-0001; (202) 475-5609; GSA: Mr. Flavio Peres, General Services Administration, Office of Real Property Utilization and Disposal, 1800 F Street NW., Room 7040, Washington, DC 20405, (202) 501-0084; NASA: Mr. Frank T. Bellinger, Facilities Engineering Division, National Aeronautics & Space Administration, Code JX, Washington, DC 20546, (202) 358-1124 NAVY: Mr. Steve Matteo, Department of the Navy, Asset Management Division, Naval Facilities Engineering Command, Washington Navy Yard, 1330 Patterson Ave. SW., Suite 1000, Washington, DC 20374; (202) 685-9426 (These are not toll-free numbers).

Dated: August 14, 2014.

Brian P. Fitzmaurice,

*Director, Division of Community Assistance,
Office of Special Needs Assistance Programs.*

 Property Number: 77201430007
 Status: Excess
 Comments: public access denied and no alternative method to gain access without compromising national security.
 Reasons: Secured Area
 UIC M00264
 Building #2112, Larson's Gym
 Quantico VA 22134
 Landholding Agency: Navy
 Property Number: 77201430009
 Status: Unutilized
 Comments: property located w/in military airfield clear zone.
 Reasons: Within airport runway clear zone

National Environmental Policy Act: Implementing Procedures; Revision to Categorical Exclusions for U.S. Geological Survey (516 DM 9)

AGENCY: Department of the Interior.

ACTION: Notice.

SUMMARY: This notice announces proposed revisions to two existing categorical exclusions included in the Department of the Interior's Departmental Manual 516 DM 9. The proposed revisions to the categorical exclusions pertain to two types of activities conducted by the U.S. Geological Survey (USGS): the excavation of trenches across potentially active faults to assess the history of earthquakes along those faults; and the removal of hydrologic and water-quality monitoring structures and equipment and restoration of the sites. USGS experience with these activities indicates that they do not have the potential for significant environmental impacts. The intent of the revisions is to improve the efficiency of the environmental review process.

DATES: Comments are due by September 22, 2014.

ADDRESSES: Send comments to Esther Eng, Chief, Environmental Management Branch, USGS, MS-207, 12201 Sunrise Valley Dr., Reston, VA 20192-0002; email: eeng@usgs.gov.

FOR FURTHER INFORMATION CONTACT: Esther Eng, Chief, Environmental Management Branch, USGS, (703) 648-7550, eeng@usgs.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Environmental Policy Act (NEPA) requires Federal agencies to consider the potential environmental consequences of their proposed actions before deciding whether and how to proceed. The Council on Environmental Quality encourages Federal agencies to use categorical exclusions to protect the environment more efficiently by (a) reducing the resources spent analyzing proposals that generally do not have potentially significant environmental impacts and, (b) focusing resources on proposals that may have significant environmental impacts. The appropriate use of categorical exclusions allows the NEPA review to be concluded without preparing either an environmental assessment (EA) or an environmental impact statement (EIS) (40 CFR 1500.4(p) and 40 CFR 1508.4).

Proposed Categorical Exclusion Revision for Trenching

The Department of the Interior (DOI) proposes to revise an existing categorical exclusion in the Departmental Manual at 516 DM 9, from "Digging of exploratory trenches requiring less than 20 cubic yards of excavation" to "Digging and subsequent site restoration of exploratory trenches not to exceed one acre of surface disturbance." The categorical exclusion would be limited to trenching and associated activities resulting in a total land disturbance of one acre or less, and which do not adversely affect any biological, cultural, or archeological resources. As with any USGS categorical exclusion, each proposed trench excavation must be reviewed for extraordinary circumstances that would preclude use of this categorical exclusion. This requirement is found in DOI regulations at 43 CFR 46.205(c)(1). The DOI's list of extraordinary circumstances, under which a normally excluded action would require further analysis and documentation in an EA or EIS, is found at 43 CFR 46.215.

Analysis for the Trenching Category

The USGS excavates trenches across potentially active faults to assess the history of earthquakes along those faults. The study of ancient earthquakes and their rates of occurrence are known as paleoseismology. Paleoseismic data obtained from trenching studies is a fundamental input for USGS National Seismic Hazard Maps. The USGS National Seismic Hazard Maps, in turn, are used to inform emergency response and to guide building codes.

The USGS and its State and academic partners were involved in approximately 10 fault-trenching activities per year during the last 5 years. A fault trench involves an excavation or series of closely spaced excavations across the surface expression of an active fault to expose deformed soils and deposits. Field geologists map the exposed trench walls and date deformed strata to infer the earthquake history at the site.

Land disturbance in trenching studies is minimized by choosing sites near established roads or previously disturbed sites. Scientists involved in USGS fault-trenching activities were queried about the largest area of trenching disturbance they have encountered in the last 5 years with no significant environmental impacts. Respondents reported a range of upper limits of surface disturbance from .02 to 5 acres, with an average of 1.5 acres and a median of 1 acre. The USGS believes
