We note that USAC must preserve the confidentiality of all data obtained from respondents; must not use the data except for purposes of administering the universal service programs; and must not disclose data in company-specific form unless directed by the Commission to do so.

Needs and Uses: In November 2011, the Commission adopted an order reforming its high-cost universal service support mechanisms. *Connect America Fund; A National Broadband Plan for Our Future; Establish Just and Reasonable Rates for Local Exchange Carriers; High-Cost Universal Service Support; Developing a Unified Intercarrier Compensation Regime; Federal-State Joint Board on Universal Service; Lifeline and Link-Up; Universal Service Reform—Mobility Fund*, WC Docket Nos. 10–90, 07–135, 05–337, 03–109; GN Docket No. 09–51; CC Docket Nos. 01–92, 96–45; WT Docket No. 10–208, Report and Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 (2011) (*USF/ICC Transformation Order*).

As part of the *USF/ICC Transformation Order*, the Commission

adopted several subsequent Orders for implementing the Connect America Phase I and Phase II funding:

On May 16, 2013, the Commission adopted a second *Connect America Fund*, Report and Order, WC Docket No. 10–90, DA 13–1113. The Report and Order set forth the format and substance of the submissions carriers must make to elect Phase II funding through the state-level commitment process. Additionally, this Report and Order established the parameters for the Connect America Phase II challenge process. These parameters included requirements for what parties must submit to the Commission when making a challenge, as well as the form that parties must use in making any challenges. New requirements being proposed in this information collection are the Geocoded Information for Phase I Two- and Three-Year Milestone Reports; Broadband Initiatives Program/Broadband Technology Opportunities Program Annual Milestone Reports; Phase I Investment Annual Milestone Reports; Changes in Phase I Deployments; and Connect America Phase II State-Level Commitment Elections. There will also be a 533 hour increase in the estimated hourly burden.

On May 21, 2013, the Commission adopted a third *Connect America Fund*, Report and Order, WC Docket No. 10–90, FCC 13–73. This Report and Order provided for a second round of Connect America Phase I support and specified what certifications and reporting requirements carriers must comply with if electing to accept second round support.

These Orders contained information collection requirements for which the Commission received OMB approval following an emergency request in a Notice of Action on July 9, 2013.

Then on July 15, 2013, the Commission adopted the *Connect America Fund*, Order on Reconsideration, WC Docket No. 10–90, FCC 13–97, which modified a reporting requirement contained in the May 21, 2013 Report and Order. The Order on Reconsideration made mandatory the reporting of changes in deployment locations involving census blocks that were not previously identified. This reporting had previously been optional under the original Report and Order.

This revised information collection addresses these additional requirements to carry out the programs set forth in the *USF/ICC Transformation Order*. This submission also includes an extension of the certifications related to second round Phase I funding and the requirements contained in FCC Form 505, “Connect America Phase II

Challenge Process Form.” Finally, the Commission has made some minor edits to the FCC Form 505 and its instructions.

Federal Communications Commission.

Secretary, Office of the Secretary, Office of Managing Director.
