SUPPLEMENTARY INFORMATION:

The committee will discuss Framework 53 (FW53), specifically, status changes (Gulf of Maine (GOM) haddock) and specifications for groundfish stocks (GOM cod and haddock; GOM and Georges Bank (GB) winter flounder; pollock; GB yellowtail flounder, cod and haddock). They will also discuss the management measures (windowpane flounder sub-annual catch limit (ACLs) and accountability measures (AMs), expansion of the GOM cod inshore spawning closure, additional management measures for GOM cod, roll-over provision for specifications, and carryover provisions). Additionally, the committee will review the Groundfish Plan Development Team's (PDT) environmental impact analysis. They will also develop committee recommendations to the council regarding preferred alternative in FW 53. They will discuss other business as necessary.

Although non-emergency issues not contained in this agenda may come before these groups for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
