

the results of the examination are negative and anti-seizure medication is not required, then the driver may be qualified.

In those individual cases where a driver had a seizure or an episode of loss of consciousness that resulted from a known medical condition (e.g., drug reaction, high temperature, acute infectious disease, dehydration, or acute metabolic disturbance), certification should be deferred until the driver has fully recovered from that condition, has no existing residual complications, and is not taking anti-seizure medication. Drivers who have a history of epilepsy/seizures, off anti-seizure medication and seizure-free for 10 years, may be qualified to operate a CMV in interstate commerce. Interstate drivers with a history of a single unprovoked seizure may be qualified to drive a CMV in interstate commerce if seizure-free and off anti-seizure medication for a 5-year period or more.

Submitting Comments

You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission. Summary of Applications

James Connelly

Mr. Connelly is a 60 year-old class B CDL holder in New Jersey. He has a history of seizures and has remained seizure free since 2000. He takes anti-seizure medication with the dosage and frequency remaining the same since that time. If granted an exemption, he would like to drive a CMV. His physician states he is supportive of Mr. Connelly receiving an exemption.

Timothy C. Marrill

Mr. Marrill is a 48 year-old class A CDL holder in Missouri. He has a history of epilepsy and has remained seizure free since 1995. He takes anti-seizure medication with the dosage and frequency remaining the same for over two years. If granted an exemption, he would like to drive a CMV. His physician states he is supportive of Mr. Marrill receiving an exemption.

Jason Wade McKenna Sr.

Mr. McKenna is a 49 year-old class A CDL holder in New Hampshire. He has a history of a seizure disorder and has remained seizure free since 2010. He takes anti-seizure medication with the dosage and frequency remaining the same since 2009. If granted the exemption, he would like to drive a CMV. His physician states he is supportive of Mr. McKenna receiving an exemption.

Mario Restrepo

Mr. Restrepo is a 60 year-old driver in New York. He has a history of a seizure in 2004 which was likely caused by alcohol cessation, and has remained seizure free since that time. He does not take anti-seizure medication. If granted the exemption, he would like to drive a CMV. His physician states that he is supportive of Mr. Restrepo receiving an exemption.

John Rinkema

Mr. Rinkema is a 64 year-old driver in Illinois. He has a history of seizures and has remained seizure free since 1968. He takes anti-seizure medication with the dosage and frequency remaining the same since that time since 2004. If granted the exemption, he would like to drive a CMV. His physician states that he is supportive of Mr. Rinkema receiving an exemption.

Bobby Shane Walker

Mr. Walker is a 38 year-old class A CDL holder in North Carolina. He has a history of seizures and has remained seizure free since 1990. He takes anti-seizure medication with the dosage and frequency remaining the same since that time. If granted the exemption, he would like to drive a CMV. His physician states that he is supportive of Mr. Walker receiving an exemption.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0104]

Qualification of Drivers; Application for Exemptions; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemptions; request for comments.

SUMMARY: FMCSA announces that 17 individuals have applied for a medical exemption from the hearing requirement in the Federal Motor Carrier Safety Regulations (FMCSRs). In accordance with the statutory requirements concerning applications for exemptions, FMCSA requests public comments on these requests. The statute and implementing regulations concerning exemptions require that exemptions must provide an equivalent or greater level of safety than if they were not granted. If the Agency determines the exemptions would satisfy the statutory requirements and decides to grant these requests after reviewing the public comments submitted in response to this notice, the exemptions would enable 17 individuals to operate CMVs in interstate commerce.

DATES: Comments must be received on or before November 26, 2014.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket No. FMCSA-

2014–0104 using any of the following methods:

- Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- Mail: Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.
- Hand Delivery: West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
- Fax: 1–202–493–2251.

Instructions: Each submission must include the Agency name and the docket numbers for this notice. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below for further information.

Docket: For access to the docket to read background documents or comments, go to <http://www.regulations.gov> at any time or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The FDMS is available 24 hours each day, 365 days each year. If you want acknowledgment that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

Privacy Act: Anyone may search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, etc.). SUPPLEMENTARY INFORMATION:

Background

The Federal Motor Carrier Safety Administration has authority to grant exemptions from many of the Federal Motor Carrier Safety Regulations (FMCSRs) under 49 U.S.C. 31315 and 31136(e), as amended by Section 4007 of the Transportation Equity Act for the 21st Century (TEA–21) (Pub. L. 105–178, June 9, 1998, 112 Stat. 107, 401). FMCSA has published in 49 CFR part 381, subpart C final rules implementing the statutory changes in its exemption procedures made by section 4007, 69 FR 51589 (August 20, 2004).¹ Under the rules in part 381, subpart C, FMCSA must publish a notice of each exemption request in the **Federal Register**. The Agency must provide the public with an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted and any research reports, technical papers and other publications referenced in the application. The Agency must also provide an opportunity to submit public comment on the applications for exemption.

The Agency reviews the safety analyses and the public comments and determines whether granting the exemption would likely achieve a level of safety equivalent to or greater than the level that would be achieved without the exemption. The decision of the Agency must be published in the **Federal Register**. If the Agency denies the request, it must state the reason for doing so. If the decision is to grant the exemption, the notice must specify the person or class of persons receiving the exemption and the regulatory provision or provisions from which an exemption is granted. The notice must also specify the effective period of the exemption (up to 2 years) and explain the terms and conditions of the exemption. The exemption may be renewed.

The current provisions of the FMCSRs concerning hearing state that a person is physically qualified to drive a CMV if that person

First perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

49 CFR 391.41(b)(11). This standard was adopted in 1970, with a revision in 1971

to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

FMCSA also issues instructions for completing the medical examination report and includes advisory criteria on the report itself to provide guidance for medical examiners in applying the hearing standard. See 49 CFR 391.43(f). The current advisory criteria for the hearing standard include a reference to a report entitled “Hearing Disorders and Commercial Motor Vehicle Drivers” prepared for the Federal Highway Administration, FMCSA’s predecessor, in 1993.²

FMCSA Requests Comments on the Exemption Applications

FMCSA requests comments from all interested parties on whether a driver who cannot meet the hearing standard should be permitted to operate a CMV in interstate commerce. Further, the Agency asks for comments on whether a driver who cannot meet the hearing standard should be limited to operating only certain types of vehicles in interstate commerce, for example, vehicles without air brakes. The statute and implementing regulations concerning exemptions require that the Agency request public comments on all applications for exemptions. The Agency is also required to make a determination that an exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption before granting any such requests.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

Fiscal Year 2014 Bus Ladders of Opportunity Initiative Grant Program Project Selections

AGENCY: Federal Transit Administration; FTA, DOT.

ACTION: Bus Ladders of Opportunity Initiative announcement of project selections.

SUMMARY: The U.S. Department of Transportation's (DOT) Federal Transit Administration (FTA) announces the selection of projects with prior year Section 5309 Bus and Bus Facilities funds authorized by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU, Pub. L. 109-59) and prior authorizations for the Bus and Bus Facilities Program (Ladders of Opportunity Initiative). The amount available to projects is \$100 million. On August 4, 2014, FTA published a Notice of Funding Availability (NOFA) (79 FR 32358) announcing the availability of funding for this program. These program dollars will provide financial assistance to purchase, replace, or rehabilitate buses, bus facilities, and bus-related equipment, and other eligible capital project costs.

FOR FURTHER INFORMATION CONTACT: Successful applicants should contact the appropriate FTA Regional Office for information regarding applying for the funds or program-specific information. A list of Regional Offices can be found at www.fta.dot.gov. A TDD is available at 1-800-877-8339 (TDD/FIRS).

SUPPLEMENTARY INFORMATION: In response to the NOFA, FTA received 282 proposals for 446 projects from 49 States plus the District of Columbia, Mariana Islands and Puerto Rico requesting \$1.4 billion in Federal funds. FTA evaluated project proposals based on each applicant's responsiveness to the program evaluation criteria as detailed in the NOFA. FTA is funding 24 projects as shown in Table 1 for a total of \$100 million.

Successful applicants selected for competitive discretionary funding should work with their FTA Regional Office to finalize the grant application in FTA's Transportation Electronic Awards Management System (TEAM) so that funds can be obligated expeditiously. Grant applications must only include eligible activities applied for in the original project application. Funds must be used consistent with the competitive proposal and for the eligible purposes established in the NOFA and
