BILLING CODE 3710-08-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Intent To Prepare a Draft Environmental Impact Statement (EIS), Initiate the Public Scoping Period and Host Public Scoping Meetings for the Great Lakes and Mississippi River Interbasin Study ("GLMRIS")—Evaluation of Aquatic Nuisance Species Controls Near Brandon Road Lock and Dam

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The Chicago District, U.S. Army Corps of Engineers (USACE) announces its intent to (1) prepare a Draft EIS, (2) accept public comments and (3) host public scoping meetings in Lemont, Illinois at Argonne National Laboratories and Chicago, Illinois for GLMRIS—Evaluation of Aquatic Nuisance Species Controls near Brandon Road Lock and Dam (GLMRIS—Brandon Road).

In collaboration with other Federal, State, and local agencies as well as non-governmental entities, USACE is evaluating structural and nonstructural options and technologies near the Brandon Road Lock and Dam site. This effort is an interim response to the GLMRIS authority. The purpose of the GLMRIS—Brandon Road evaluation is to consider a control point to reduce the risk of upstream transfer of ANS, from the Mississippi River (MR) Basin into the Great Lakes (GL) Basin through the Chicago Area Waterway System (CAWS), to the maximum extent possible. The GLMRIS—Brandon Road effort will seek to minimize adverse impacts to waterway users or resources.

DATES: The NEPA scoping period ends on January 16, 2015. The GLMRIS—Brandon Road NEPA Public Scoping meetings are scheduled for December 6, 2014 in Lemont, Illinois at Argonne National Laboratories, and December 9,

2014 in Chicago, Illinois. Please refer to the "Scoping and Public Involvement" section below for information regarding the public scoping meeting and for instructions on how to submit public comments.

FOR FURTHER INFORMATION CONTACT: For further information and/or questions about GLMRIS, please contact USACE, Chicago District, Project Manager, Mr. David Wethington, by mail: USACE, Chicago District, 231 S. LaSalle, Suite 1500, Chicago, Illinois 60604, or by email: david.m.wethington@usace.army.mil.

For media inquiries, please contact USACE, Chicago District, Public Affairs Officer, Ms. Lynne Whelan, by mail: USACE, Chicago District, 231 S. LaSalle, Suite 1500, Chicago, Illinois 60604, by phone: 312.846.5330 or by email: lynne.e.whelan@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Background.* In January 2014, USACE released the GLMRIS Report, which evaluated the potential range of alternatives to control ANS transfer between the GL and MR basins via the CAWS. In GLMRIS, USACE has interpreted the term "prevent" to mean the reduction of risk to the maximum extent possible, because it may not be technologically feasible to achieve an absolute solution.

The GLMRIS Report identified eight alternatives, six of which were structural alternatives. Three structural alternatives established an ANS control point near Brandon Road Lock and Dam in Joliet, Illinois. The GLMRIS Report identified the Brandon Road control point as a single location that can address upstream transfer of MR ANS through the CAWS.

Based on evaluations presented in the GLMRIS Report and in response to stakeholder input, USACE has been directed by the Assistant Secretary of the Army (Civil Works) to proceed with a formal evaluation of potential ANS controls to be applied near the Brandon Road Lock and Dam, located near Joliet, Illinois. The GLMRIS—Brandon Road effort will evaluate the range of options or technologies available to prevent additional MR ANS transfer through the CAWS into the GL Basin.

This effort will assess the potential of various ANS controls to address the one-way, upstream transfer of ANS through the approach channel and/or lock chamber at Brandon Road Lock and Dam, and seek to minimize any adverse impacts to waterway users or resources.

The Brandon Road Lock and Dam Historic District includes the Brandon Road Lock and Dam and was retroactively listed on the National

Register of Historic Places on March 11, 2004.

GLMRIS will be conducted in accordance with NEPA and with the *Economic and Environmental Principles and Guidelines for Water and Related Land Resource Implementation Studies*, Water Resources Council, March 10, 1983.

2. *Scoping and Public Involvement.* USACE will accept comments related to GLMRIS—Brandon Road until January 16, 2014.

All forms of comments received during the scoping period will be weighted equally. Using input obtained during the scoping period, USACE will refine the scope of GLMRIS to focus on significant issues, as well as eliminate issues that are not significant from further detailed study.

Comments may be submitted in the following ways:

- GLMRIS project Web site: Use the web comment function found at <http://glmrис.anl.gov/>.
- NEPA Scoping Meeting: USACE is hosting scoping meetings and asks those who wish to make oral comments in person to register on the GLMRIS project Web site at <http://glmrис.anl.gov/>. Each meeting's on-line registration to speak will be closed at 10 a.m. central time the day of the meeting. Those who do not register to speak via the GLMRIS Web site may register at the meeting. Those registering through the Web site may be given a preference over those that register to make an oral comment at the meeting. Each individual wishing to make oral comments shall be given three (3) minutes, and a stenographer will document oral comments;
- Mail: Mail written comments to GLMRIS—Brandon Road Scoping, 231 S. LaSalle, Suite 1500, Chicago, Illinois 60604. Comments must be postmarked by January 16, 2014; and
- Hand Delivery: Comments may be hand-delivered to the Chicago District, USACE office located at 231 S. LaSalle, Suite 1500, Chicago, Illinois 60604 between 8:00 a.m. and 4:30 p.m. Comments must be received by January 16, 2014.

The public meetings will begin with a brief presentation regarding the study followed by an oral comment period. During the meeting, USACE will also collect written comments.

The public meetings are scheduled for the following:

- 1:00 p.m. to 4:00 p.m. on Saturday, December 6, 2014, at Argonne National Laboratory's Theory and Computing Sciences Building, located at Theory and Computing Sciences Building, Building 240, Argonne National

Laboratory, 9700 S. Cass Avenue, Argonne, Illinois 60439 (directions available on the GLMRIS project Web site), and

- 3:00 p.m. to 6:00 p.m. on Tuesday, December 9, 2014, at the Gleacher Center, located at 450 North Cityfront Plaza Drive, Chicago, Illinois 60611. Please see the GLMRIS project Web site at <http://glmr.is.anl.gov/> for directions, more information regarding the meeting and if you wish to make an oral comment.

Comments received during the scoping period will be posted on the GLMRIS project Web site and will become part of the EIS.

If you require assistance under the Americans with Disabilities Act, please contact Ms. Lynne Whelan via email at lynne.e.whelan@usace.army.mil or phone at (312) 846-5330 at least seven (7) working days prior to the meeting to request arrangements.

3. *Significant Issues.* Issues associated with the proposed study are likely to include, but will not be limited to impacts of ANS on current waterway uses and resources; impacts of potential ANS controls on current waterway uses and resources; and statutory and legal responsibilities relative to the lakes and waterways. Examples of waterway uses and resources that may be impacted by ANS include significant natural resources such as ecosystems and threatened and endangered species, commercial and recreational fisheries, and current recreational uses of the lakes and waterways. Examples of current waterway uses that may be impacted by potential ANS controls are commercial and recreational navigation, flood risk management and water supply and quality.

4. *Availability of the Draft Environmental Impact Statement.* Availability of the Draft EIS is contingent upon sufficient allocation of funding for the study. Draft EIS availability will be announced to the public in the **Federal Register** in compliance with 40 CFR 1506.9 and 1506.10.

5. *Authority.* This action is being undertaken pursuant to the Water Resources and Development Act of 2007, Section 3061, Pub. L. 110-114, 121 STAT. 1121, and the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321, et seq., as amended.

Dated: November 14, 2014.

Susanne J. Davis, P.E.,
Chief, Planning Branch, Chicago District,
Corps of Engineers.

BILLING CODE 3720-58-P

DEPARTMENT OF EDUCATION

[Docket No. ED-2014-ICCD-0152]

Agency Information Collection Activities; Comment Request; Personal Authentication Service (PAS) for FSA ID

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a new information collection. **DATES:** Interested persons are invited to submit comments on or before January 20, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0152 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202 377-4018.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of

Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Personal Authentication Service (PAS) for FSA ID.

OMB Control Number: 1845-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 55,300,000.

Total Estimated Number of Annual Burden Hours: 7,370,000.

Abstract: Federal Student Aid (FSA) is replacing the current PIN system with the Personal Authentication Service (PAS) which will employ an FSA ID, a standard user name and password solution. In order to create an FSA ID to gain access to certain FSA systems (FAFSA on the Web, NSLDS, StudentLoans.gov, etc.) a user must register on-line for an FSA ID account. The FSA ID will allow the customer to have a single identity, even if there is a name change or change to other personally identifiable information. The information collected to create the FSA ID enables electronic authentication and authorization of users for FSA web-based applications and information and protects users from unauthorized access to user accounts on all protected FSA sites.

Dated: November 17, 2014.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
