

the amendments will provide greater clarity to the pricing of these options.

The Exchange believes that the amendments provide greater specificity and conform word usage with respect to rebates and incentives offered by NOM. The Exchange is not proposing to amend the pricing, rather the Exchange believes the amendments make clear that the terms national customer volume and total industry volume are equivalent.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The amendments to the options pricing are non-substantive and merely seek to conform rule text to make clear that the same standard of measure is being applied to determine the qualifications for the volume tiers and incentives.
