

enabled service providers and manufacturers; researchers; educators; and accessible design developers and inventors;

- Federal government agencies;
- State and local government agencies; and
- Qualified representatives of other stakeholders and interested parties with relevant experience.

Selections will be made on the basis of factors such as expertise and diversity of viewpoints that are necessary to address effectively the questions before the Committee. Individuals who do not represent an organization, institution, or entity, but who possess expertise valuable to the Committee's work are also welcome to apply. If appointed, such individuals would serve as Special Government Employees (SGEs) subject to conflict of interest rules, financial disclosure requirements, and limitations on financial holdings similar to those applicable to regular agency employees. In addition, under current White House guidance, such individuals (unlike those who are serving in a representative capacity) cannot be registered federal lobbyists. Committee members will not be compensated for their service. Members must be willing to commit to a two (2) year term of service, should be willing and able to attend at least three (3) one-day plenary committee meetings during each year of the Committee's term, and are also encouraged to participate in deliberations of at least one (1) subcommittee or working group for which they have interest and qualifications. The time commitment for participation in any subcommittee or working group may be substantial. However, subcommittee and working group meetings may be conducted informally, using suitable technology to facilitate the meetings, subject to oversight by the Designated Federal Official of the DAC.

Application Procedure, Deadline and Member Appointments

Nominations should be received by the Commission as soon as possible, but no later than January 12, 2015. No specific nomination form is required; however, each nomination must include the following information:

- Name, title, and organization of the nominee and a description of the organization, sector or other interest the nominee will represent;
- Nominee's mailing address, email address, and telephone number;
- A statement summarizing the nominee's qualifications (including relevant experience and expertise) and reasons why the nominee should be

appointed to the Committee. To the extent the nominee will represent a specific organization, the statement should also include a description of the organization as well as the benefit of having the organization represented on the Committee;

- A statement confirming that the nominee is not a registered federal lobbyist, if seeking appointment for the individual's expertise and not as a representative of an organization or entity; and
- The specific subcommittee(s), if any, on which the nominee has an interest in serving, along with the nominee's qualifications to serve on such subcommittee. If indicating more than one subcommittee, the nominee should list these in order of preference.

For applicants seeking to represent an organization or company, the applicant's nomination to the Committee must be confirmed by an authorized person (e.g., organization or company official) confirming that the organization or company wants the nominated person to represent it on the Committee.

Nominations, including all information outlined herein, should be submitted by email to DAC@fcc.gov. Nominations should be submitted by January 12, 2015.

Please note this Notice is not intended to be the exclusive method by which the Commission will solicit nominations and expressions of interest to identify qualified candidates; however, all candidates for membership on the Committee will be subject to the same evaluation criteria.

After the applications have been reviewed, the Commission will publish a notice in the **Federal Register** announcing the appointment of Committee members and the first meeting of the Committee. Members serve at the discretion of the Chairman of the Commission and must be willing to commit to serve for a period of two (2) years from the date of establishment of the Committee.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted, subject to final approval, a consent order applicable to Michael C. Hughes (“Hughes”).

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement’s proposed order.

Michael C. Hughes is the former Chief Executive Officer, sole employee, and part owner of PaymentsMD, LLC (“PaymentsMD”). PaymentsMD’s principal line of business is the delivery of electronic billing records and the collection of accounts receivable for medical providers. In December 2011, PaymentsMD launched a free “Patient Portal” product that enabled consumers to pay their bills and to view their balance, payments made, adjustments taken, and information for other service dates.

The Commission’s complaint alleges that PaymentsMD, under Hughes’ direction and control, deceived consumers regarding the collection of consumers’ sensitive health information from third parties. In June 2012, PaymentsMD entered into an agreement with Metis Health LLC (“Metis Health”) to develop an entirely new service called Patient Health Report, a fee-based service that would enable consumers to access, review, and manage their consolidated health records through a Patient Portal account. In order to populate the Patient Health Report, PaymentsMD, under Hughes’ direction and control, obtained consumers’ authorization to collect sensitive health information for one purpose—to track

their medical bills—and then used that authority to attempt to collect a massive amount of sensitive health information, including treatment information, from third parties without consumers' knowledge or consent. Based on such authorization, sensitive health information about everyone who registered for the Patient Portal was then requested from a large number of health plans, pharmacies, and a medical lab.

The first count of the Commission's complaint alleges that Hughes, through his direction and control of PaymentsMD, represented that consumers registering for their free Patient Portal billing service could access and review their medical payment history, but failed to disclose adequately that PaymentsMD would also engage in a comprehensive collection of consumers' sensitive health information for a Patient Health Report. The second count alleges that Hughes, through his direction and control of PaymentsMD, deceptively represented that the consumers' authorizations were to be used exclusively to provide the billing service.

The proposed order contains provisions designed to prevent Hughes from engaging in the future in practices similar to those alleged in the complaint. Part I prohibits Hughes or any entity he owns or controls from misrepresenting the extent to which he or any entity he owns or controls uses, maintains, and protects the privacy, confidentiality, and security of covered information collected from or about consumers, including but not limited to (1) the services for which consumers are being enrolled as part of any sign-up process; (2) the extent to which he will share covered information with, or seek covered information from, third parties; and (3) the purpose(s) for which covered information collected from third parties will be used. Part II requires Hughes or any entity he owns or controls to clearly and prominently disclose practices regarding the collection, use, storage, disclosure or sharing of health information prior to seeking authorization to collect health information from a third party, and to obtain affirmative express consent from consumers prior to collecting health information from a third party.

Part III prohibits Hughes or any entity he owns or controls from using, collecting, or permitting any third party to use or maintain any covered information pursuant to any authorization obtained prior to the date of the order from consumers registering for the Patient Portal. Hughes also must, within sixty days, delete all covered

information in his possession or control that was collected in relation to the Patient Health Report service.

Parts IV through VIII of the proposed order are reporting and compliance provisions. Part IV requires Hughes to retain documents relating to his compliance with the order. The order requires that Hughes retain all of the documents for a five-year period. Part V requires dissemination of the order for a period of five years to all current and future subsidiaries, principals, officers, directors, and managers, and to persons with responsibilities relating to the subject matter of the order for any business that Hughes is the majority owner of or controls directly or indirectly. Part VI ensures notification, for a period of five years, to the FTC of changes to Hughes' current business or employment, or his affiliation with any new business or employment. Part VII mandates that Hughes submit a compliance report to the FTC within 60 days, and periodically thereafter as requested. Part VIII is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Decision and Order or to modify its terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.
