SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of 53-foot domestic dry containers, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on April 23, 2014, by Stoughton Trailers, LLC, Stoughton, Wisconsin.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary

generally measuring 16.154 meters (53 feet) in exterior length, which are designed for the intermodal transport of goods other than bulk liquids within North America primarily by rail or by road vehicle, or by a combination of rail and road vehicle (domestic containers). The merchandise is known in the industry by varying terms including ‘53-foot containers,’ ‘53-foot dry containers,’ ‘53-foot domestic dry containers,’ ‘domestic dry containers’ and ‘domestic containers.’”
