On February 15, 2012, the Commission released a *Report and Order* in CG Docket No. 02–278, FCC 12–21, revising its rules to: (1) require prior express written consent for all autodialed or prerecorded telemarketing calls to wireless numbers and for all prerecorded telemarketing calls to residential lines; (2) eliminate the established business relationship exception to the consent requirement for prerecorded telemarketing calls to residential lines; (3) require telemarketers to include an automated, interactive opt-out mechanism in all prerecorded telemarketing calls, to allow consumers more easily to opt out of future robocalls during a robocall itself; and (4) require telemarketers to comply with the 3% limit on abandoned calls during each calling campaign, in order to discourage intrusive calling campaigns.

Finally, the Commission also exempted from the Telephone Consumer Protection Act requirements prerecorded calls to residential lines made by health care-related entities governed by the Health Insurance Portability and Accountability Act of 1996.

Wireline Competition Bureau have since adopted a number of orders that implement the *USF/ICC Transformation Order*; see also Connect America Fund *et al.*, WC Docket No. 10-90 *et al.*, Third Order on Reconsideration, 27 FCC Rcd 5622 (2012); Connect America Fund *et al.*, WC Docket No. 10-90 *et al.*, Order, 27 FCC Rcd 605 (Wireline Comp. The Commission has received OMB approval for most of the information collections required by these orders. At a later date the Commission plans to submit additional revisions for OMB review to address other reforms adopted in the orders (e.g., 47 CFR 54.313(a)(11)). The revision proposed here contains information collection requirements already reviewed and approved by OMB. Specifically, the Commission proposes to merge the existing universal service information collection requirements from OMB Control No. 3060-1188 into this control number. The Commission proposes to add FCC Form 505, currently approved under collection 3060-1188, to this information collection. There are no changes to the currently approved FCC Form 505. The Commission also proposes certain changes to FCC Form 481 and its instructions as a result of merging the information collection requirements contained in 3060-0986 and 3060-1188. These changes include revising FCC Form 481 and its instructions to incorporate the certifications and census block data collection requirements for certain recipients of Connect America Phase I incremental support that are currently approved under collection 3060-1188. The Commission also proposes to reduce the number of respondents for reporting and certification requirements related to Connect America Phase I incremental support to reflect the number of price cap carriers that actually accepted such support. Once the Commission receives OMB approval to merge the requirements contained in 3060-1188 under this control number, the Commission will discontinue 3060-1188.
