

plaintiffs to actual damages under specified circumstances.

Pursuant to section 6(b) of the Act, the identities of the parties to the venture are: Cummins, Inc., Columbus, IN; Denso Corporation, Aichi-ken, JAPAN; John Deere, Waterloo, IA; Komatsu Ltd., Tochigi-ken, JAPAN; and Tenneco Automotive Operating Co., Inc., Grass Lake, MI. The general area of AC²AT's planned activity is to develop the most cost effective solutions for future engine systems by identifying and addressing the opportunities and challenges for integration of catalysts and aftertreatment systems to engines with advanced combustion technologies. The focus of the program will be to develop the tools and technologies necessary for the synergistic application of catalysts to advance engine technologies. The proposed program incorporates projects focused in four distinct areas: (1) Detailed characterization of emissions for advanced SI and CI engines; (2) alternative catalysts for use outside of the exhaust system; (3) development of simulation tools for streamlined aftertreatment analysis; and (4) evaluation of alternative emission control technologies.
