

Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E105, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Vanessa Anderson, 202-219-1310.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: What Works Clearinghouse Formative Feedback.
OMB Control Number: 1850-0788.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 84,630.

Total Estimated Number of Annual Burden Hours: 1,729.

Abstract: The Institute of Education Sciences (IES) within the U.S. Department of Education is proposing data collection activity as part of the What Works Clearinghouse Feedback Task. The task and its associated efforts are being undertaken by the U.S. Department of Education, Institute of Education Sciences (IES), and are being conducted by Mathematica Policy Research. The intended purpose of the Department of Education (ED), Institute of Education Sciences (IES) WWC

feedback task is to collect feedback from users on the relevance, timeliness, quality, and ease of use of the products associated with the What Works Clearinghouse Web site. The results of the data collection will be used to inform improvements in ED program products and services for its customers. The WWC provides educators, policymakers, and the public with a central and trusted source of scientific evidence of what works in education. The WWC aims to make findings from education research easy and accessible through its searchable online repository of intervention reports, single study reviews, and practice guides. There are thousands of empirical studies that claim to identify effective instructional approaches, many using complicated research methods and statistical analyses. This research often yields conflicting results, leaving educators wondering which approach to take. Given the large volume of education research and significant variations in quality, principals and other educators need help identifying reliable research and interpreting findings. Using systematic review processes and evidence standards, the WWC reviews all the research on a topic to identify the most rigorous studies and synthesize the findings from high-quality education research. The WWC has developed three new products that focus on utilizing the WWC and the WWC resources when making key decisions in education. First, the WWC will produce and is developing several videos that describe the purpose of the WWC or how to understand specific materials on the Web site. For example, the WWC has already released a video that addresses how to select a mathematics curriculum. The WWC also developed practice guide summaries which consolidate the information from practice guides into an 8–10 page summary that presents expert recommendations from the field, along with tips on implementing the recommendations. The WWC has already released two of these summaries—Teaching Math to Young Children and Teaching Elementary School Students to Be Effective Writers. Finally, topical blasts consolidate WWC content relevant to a specific education topic. Emails direct users to a dedicated landing page containing links to the relevant content. Findings from the case studies of these topics will be used to improve these and other WWC products going forward. The WWC feedback task will include the following data collection methods: Focus groups with WWC users, user feedback Web surveys, and data analytics.

Dated: April 28, 2015.

Stephanie Valentine,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP15-161-000]

Roadrunner Gas Transmission, LLC; Notice of Application

Take notice that on April 9, 2015, Roadrunner Gas Transmission, LLC (Roadrunner), 100 W. 5th Street, Tulsa, Oklahoma 74103, filed an application pursuant to section 3 of the Natural Gas Act and part 153 of the Commission's regulations, for an order authorizing construction of new border crossing natural gas pipeline facilities for the exportation of up to 875,000 Mcf per day of natural gas at the International Boundary between the United States and Mexico in El Paso County, Texas, and for the issuance of a Presidential Permit for those facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed Denise Adams, Manager Rates and Regulatory Analysis ONEOK Partners, L.P. 100 West 5th Street, ONEOK Plaza, Tulsa, Oklahoma, or call (918) 732-1408, or fax (918) 732-1363, or by email Denise.Adams@oneok.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record

for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors

will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: May 13, 2015.

Dated: April 22, 2015.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 13511-002]

Igiugig Village Council; Notice of Intent To File License Application, Filing of Draft Application, Request for Waivers of Integrated Licensing Process Regulations Necessary for Expedited Processing of a Hydrokinetic Pilot Project License Application, and Soliciting Comments

a. *Type of Filing:* Notice of Intent to File a License Application for an Original License for a Hydrokinetic Pilot Project.

b. *Project No.:* 13511-002.

c. *Date Filed:* April 1, 2015.

d. *Submitted By:* Igiugig Village Council (Igiugig).

e. *Name of Project:* Igiugig Hydrokinetic Project.

f. *Location:* On the Kvichak River in the Lake and Peninsula Borough, near the town of Igiugig, Alaska.

g. *Filed Pursuant to:* 18 CFR 5.3 of the Commission's regulations.

h. *Applicant Contact:* Nathan Johnson, Ocean Renewable Power Company, 66 Pearl Street, Suite 301, Portland, Maine 04101; (207) 772-7707.

i. *FERC Contact:* Dianne Rodman at (202) 502-6077 or email at dianne.rodman@ferc.gov.

j. *Igiugig has filed with the Commission:* (1) A notice of intent (NOI) to file an application for an original license for a hydrokinetic pilot project and a draft license application with monitoring plans; (2) a request for

waivers of the integrated licensing process regulations necessary for expedited processing of a hydrokinetic pilot project license application; (3) a proposed process plan and schedule; (4) a request to be designated as the non-federal representative for section 7 of the Endangered Species Act (ESA) consultation; and (5) a request to be designated as the non-federal representative for section 106 consultation under the National Historic Preservation Act (NHPA) (collectively the pre-filing materials).

k. With this notice, we are soliciting comments on the pre-filing materials listed in paragraph j above, including the draft license application and monitoring plans. All comments should be sent to the address above in paragraph h and filed with the Commission. All comments may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Any individual or entity interested in submitting comments on the pre-filing materials must do so by May 23, 2015.

l. With this notice, we are approving Igiugig's request to be designated as the non-federal representative for section 7 of the ESA and its request to initiate consultation under section 106 of the NHPA; and recommending that it begin informal consultation with: (a) The U.S. Fish and Wildlife Service and the National Marine Fisheries Service as required by section 7 of ESA; and (b) the Alaska State Historic Preservation Officer, as required by section 106 of the NHPA and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

m. With this notice, we also are asking federal, state, local, and tribal agencies with jurisdiction and/or expertise with respect to environmental issues to cooperate with us in the preparation of the environmental
