ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 (the Act) to determine whether revocation of the antidumping and countervailing duty orders on prestressed concrete steel wire strand from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission;¹ to be assured of consideration, the deadline for responses is June 1, 2015. Comments on the adequacy of responses may be filed with the Commission by July 14, 2015.

DATES: *Effective Date:* May 1, 2015.

SUPPLEMENTARY INFORMATION:

Background.—On June 29, 2010, the Department of Commerce issued an antidumping duty order on imports of prestressed concrete steel wire strand from China (75 FR 37382). On July 7,

2010, the Department of Commerce issued a countervailing duty order on imports of prestressed concrete steel wire strand from China (75 FR 38977). The Commission is conducting reviews pursuant to section 751(c) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(c)) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Country* in these reviews is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product* coextensive with Commerce's scope, that is, all types, grades, and diameters of prestressed concrete steel wire strand, whether uncoated (uncovered) or coated (covered), other than of stainless steel, which is suitable for use in, but not limited to, prestressed concrete (both pre-tensioned and post-tensioned) applications. Prestressed concrete steel wire strand made from galvanized wire is excluded from the scope if the zinc and/or zinc oxide coating meets or exceeds the 0.40 oz./ft.² standard set forth in ASTM–A–475.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* to include all domestic producers of prestressed concrete steel wire strand.

(5) The *Order Date* is the date that the antidumping and countervailing duty orders under review became effective. In the review of the antidumping duty order, the *Order Date* is June 29, 2010. In the review of the countervailing duty order, the *Order Date* is July 7, 2010.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's

DEPARTMENT OF LABOR

Employment and Training Administration

Comment Request for Information Collection for ETA 9166, Pre-Implementation Planning Checklist Report for State Unemployment Insurance (UI) Information Technology (IT) Modernization Projects; New Collection

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collection of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Building on lessons learned from previous state implementations of modernized UI IT systems, ETA commissioned the development of a UI IT Modernization Pre-Implementation Planning Checklist for states to use prior to "going live" with a new system. The checklist is expected to validate that all necessary system functions are available and/or that alternative workarounds are developed prior to the production launch of the UI IT system to help avoid major disruption of services to UI customers and to prevent delays in making UI benefit payments when due. In addition, the checklist will be used by ETA to identify the technical assistance needs of State Workforce Agencies (SWAs) in support of successful implementation of UI IT Modernization projects. This comprehensive checklist denotes critical functional areas that states should verify prior to launching including, but not limited to, technical IT functions and UI business processes that interface with the new system. The list of critical areas identified in the checklist includes, among others,

- Verification for essential UI Benefit and Tax functions,
- Interstate Connection (ICON) network and UI reporting interfaces,
