

the requirement set forth in 19 CFR 351.106(c)(2), for each respondent we calculated importer (or customer)-specific *ad valorem* rates by aggregating the amount of dumping calculated for all U.S. sales to that importer or customer and dividing this amount by the total entered value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, and the respondent has reported reliable entered values, we apply the assessment rate to the entered value of the importer's/customer's entries during the review period.

The Department clarified its "automatic assessment" regulation on May 6, 2003.¹⁰ This clarification will apply to entries of subject merchandise during the period of review (POR) produced by the respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see the *Automatic Assessment Clarification*.

We do not intend to issue assessment instructions to CBP because of the preliminary injunction that was issued after the issuance of the *Final Results*. See CBP Message Number 5111304.

Cash Deposit Instructions

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of these amended final results, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for respondents noted above will be the rate established in the amended final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the

subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 22.00 percent, the all-others rate established in the antidumping investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these amended final results in accordance with section 751(h) of the Act and 19 CFR 351.224(f).

Dated: April 28, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Certain Circular Welded Non-Alloy Steel Pipe from Mexico: Rescission of Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is rescinding the administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico for the period November 1, 2013, through October 31, 2014.

DATES: *Effective Date:* May 6, 2015.

FOR FURTHER INFORMATION CONTACT: Mark Flessner or Robert James, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6312 and (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 23, 2014, based on a timely request for review by Wheatland Tube Company (Wheatland), the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico covering the period November 1, 2013, through October 31, 2014.¹ On March 23, 2015, Wheatland withdrew its request for an administrative review of all of the companies listed in its review request.²

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, Wheatland timely withdrew its review request by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order. As a result, we are rescinding the administrative review

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 79 FR 76956 (December 23, 2014).

² See letter from Wheatland to the Secretary of Commerce entitled, "Circular Welded Non-Alloy Steel Pipe From Mexico: Withdrawal Of Request For Administrative Review," date March 23, 2015.

¹⁰ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Automatic Assessment Clarification*).

¹¹ See *Large Power Transformers From the Republic of Korea: Antidumping Duty Order*, 77 FR 53177 (August 31, 2012).

of certain circular welded non-alloy steel pipe from Mexico for the period November 1, 2013, through October 31, 2014.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Because the Department is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 41 days after the publication of this notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: April 30, 2015.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Prospective Grant of Exclusive Patent License

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of prospective grant of exclusive patent license.

SUMMARY: This is a notice in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i) that the National Institute of Standards and Technology ("NIST"), U.S. Department of Commerce, is contemplating the grant of an exclusive license in the United States of America, its territories, possessions and commonwealths, to NIST's interest in the invention embodied in U.S. Patent No. 8,918,884, entitled "K-zero day safety," (NIST Docket No. 12-017) to the George Mason Research Foundation, Inc. The grant of the license would be for all fields of use.

FOR FURTHER INFORMATION CONTACT: Honeyeh Zube, National Institute of Standards and Technology, Technology Partnerships Office, 100 Bureau Drive, Stop 2200, Gaithersburg, MD 20899, (301) 975-2209, honeyeh.zube@nist.gov.

SUPPLEMENTARY INFORMATION: The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NIST receives written evidence and argument which establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. U.S. Patent No. 8,918,884 is co-owned by George Mason University and the U.S. Government, as represented by the Secretary of the Department of Commerce. The patent, which issued on December 23, 2014, describes systems and methods for determining a safety level of a network vulnerable to attack.

Kevin A. Kimball,
Chief of Staff.

National Oceanic and Atmospheric Administration

NOAA RESTORE Act Science Program Science Plan

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Response to comments and release of final science plan.

SUMMARY: The National Ocean Service (NOS) of the National Oceanic and Atmospheric Administration (NOAA) publishes this notice to announce the availability of response to comments and release of the final science plan for the NOAA RESTORE Act Science Program.

ADDRESSES: The final science plan for the NOAA RESTORE Act Science Program will be available at <http://restoreactscienceprogram.noaa.gov/science-plan>. Inquiries about the plan may be addressed to Becky Allee at NOAA Office for Coastal Management, Gulf of Mexico Division, Bldg. 1100, Rm. 232, Stennis Space Center, MS 39529.

FOR FURTHER INFORMATION CONTACT: For further information, contact: Becky Allee (becky.allee@noaa.gov, 228-688-1701).

SUPPLEMENTARY INFORMATION: NOAA is publishing this Notice to announce Response to Comments received on the Draft Science Plan and release of the Final Science Plan for the NOAA RESTORE Act Science Program. The final plan will be posted on May 6, 2015. The Final Science Plan is being issued after careful consideration and adjudication of public comments received following a 45-day comment period from October 30, 2014—December 15, 2014.

Section 1604 of the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act) establishes the Gulf Coast Ecosystem Restoration Science, Observation, Monitoring, and Technology Program (Science Program) to be administered by NOAA and to carry out research, observation, and monitoring to support the long-term sustainability of the ecosystem, fish stocks, fish habitat, and the recreational, commercial, and charter fishing industry in the Gulf of Mexico. The Final Science Plan for the NOAA RESTORE Act Science Program lays out the path forward for the program. The
