Federal Railroad Administration

[Docket No. FRA 2015-0007-N-10]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requests (ICRs) abstracted below are being forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describes the nature of the information collections and their expected burdens. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on March 3, 2015 (80 FR 11518).

DATES: Comments must be submitted on or before June 11, 2015.

FOR FURTHER INFORMATION CONTACT: Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC

20590 (telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, sec. 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 3, 2015, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICR that the agency was seeking OMB approval. See 80 FR 11518. FRA received no comments after issuing this notice. Accordingly, these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and are being forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507(b)-(c); 5 CFR 1320.12(d); see also 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); see also 60 FR 44983, Aug. 29, 1995.

Below is a brief summary of the information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Railroad Rehabilitation and Improvement Financing Program (RRIF).

OMB Control Number: 2130-0548.

Abstract: Title V of the Railroad Revitalization and Regulatory Reform Act of 1976 (Act), 45 U.S.C. 821 *et seq.*, authorized FRA to provide railroads financial assistance through the purchase of preference shares, and the issuance of loan guarantees. Section 7203 of the Transportation Equity Act for the 21st Century of 1998, Public Law 105-178 (1998) (TEA 21), and subsequent amendments in the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for

Users, Public Law 109-59 (2005) SAFETEA-LU and the Rail Safety Improvement Act of 2008 (RSIA), Division A of Public Law 110-432 have since replaced the previous Title V financing program. On July 6, 2000, FRA published a final rule with procedures and requirements to cover applications of financial assistance in the form of direct loans and loan guarantees consistent with the changes made to Title V of the Act by section 7203 of TEA 21. On September 29, 2010, FRA published a Notice Regarding Consideration and Processing of Applications for Financial Assistance Under the RRIF Program. The collection of information is used by FRA staff to determine the legal and financial eligibility of applicants for direct loans regarding eligible projects. Eligible projects include: (1) Acquisition, improvement or rehabilitation of intermodal or rail equipment or facilities (including tracks, components of tracks, bridges, yards, buildings, and shops); (2) Refinancing outstanding debt incurred for these purposes; or (3) Development or establishment of new intermodal or railroad facilities. The aggregate unpaid principal amounts of obligations cannot exceed \$35.0 billion at any one time, and not less than \$7.0 billion is to be available solely for projects benefitting freight railroads other than Class I carriers. The Secretary of Transportation has delegated his authority under the RRIF Program to the FRA Administrator in 1 CFR 1.89. On September 29, 2010, FRA published a Notice Regarding Consideration and Processing of Applications for Financial Assistance Under the RRIF Program. As explained in the notice, FRA's RRIF Buy America policy furthers two of the RRIF program's eight priorities described in 45 U.S.C. 822(c): (3) Promote economic development, and (4) Enable U.S. companies to be more competitive in international markets.

Form Number(s): FRA Forms 217, 219 and 229.

Affected Public: State and local governments, government sponsored authorities and corporations, railroads, and joint ventures that include at least one railroad.

Total Estimated Annual Burden: 40,865 hours.

Pursuant to 44 U.S.C. 3507(a) and 5 CFR 1320.5(b) and 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: 44 U.S.C. 3501–3520.

Rebecca Pennington,
Chief Financial Officer.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2015–0023]

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated March 9, 2015, DPS Electronics has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 221.13(d). FRA assigned the petition Docket Number FRA–2015–0023.

DPS Electronics is seeking a waiver of compliance from 49 CFR 221.13(d), *Marking device display*, which requires that the centroid of the marking device be located a minimum of 48 inches above the top of the rail. DPS would like to propose a marking device that will be located 41.3 to 44.3 inches (depending on final design) above the top of the rail.

DPS is currently working on a new end-of-train device (ETD) design, the DPS 2020–He2. DPS's plan is to reduce weight to well under 15 pounds. They propose doing so by reducing the enclosure size of the ETD to about 16 inches in height. DPS states that a 15 pound or less ETD will enhance railroad safety for all North American railways by reducing the risk of injuries to employees.

A copy of the petition, technical attachments, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before

the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:
