Scope of the Investigation

The product covered by this investigation is certain steel nails from Vietnam. For a full description of the scope of the investigation, *see* Appendix I to this notice.

Since the *Preliminary Determination*, several interested parties (*i.e.*, IKEA Supply AG, The Home Depot, Target Corporation, and Petitioner) commented on the scope of these investigations. The Department reviewed these comments and made certain changes. For further discussion, *see* the Issues and Decision

Memorandum. The scope in Appendix I reflects all modifications to the scope made by the Department for this final determination.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs by parties to this investigation are addressed in the Issues and Decision Memorandum. Attached as Appendix II is a list of the issues that parties have raised and to which we have responded in the Issues and Decision Memorandum.

Use of Adverse Facts Available

For purposes of this final determination, we have relied on facts available and applied adverse inferences, in accordance with sections 776(a) and (b) of the Act, to determine the subsidy rates for the mandatory respondents. For a full discussion of these issues, *see* the Decision Memorandum, at "Use of Facts Otherwise Available and Adverse Facts Available."

Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i) of the Act, we calculated

a countervailing duty rate for the two individually investigated producers/exporters of the subject merchandise, Region Industries Co., Ltd. (Region) and United Nail Products Co. (United). With respect to the all-others rate, section 705(c)(5)(A)(ii) of the Act provides that if the countervailable subsidy rates established for all exporters and producers individually investigated are determined entirely in accordance with section 776 of the Act, the Department may use any reasonable method to establish an all-others rate for exporters and producers not individually investigated. In this case, the rates calculated for the investigated companies are based entirely on adverse facts available under section 776 of the Act. Because there is no other information on the record, we based the all-others rate on the AFA rates calculated for Region and United, consistent with our practice.³ We calculated the all-others rate using a simple average of Region's and United's rates.

We determine the total estimated net countervailable subsidy rates to be:

Company	Subsidy rate
Region Industries Co., Ltd	288.56 percent
United Nail Products Co. Ltd	313.97 percent
All Others	301.27 percent

As a result of our affirmative *Preliminary Determination*, pursuant to sections 703(d)(1)(B) and (2) of the Act, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise from Vietnam which were entered or withdrawn from warehouse, for consumption on or after November 3, 2014, the date of the publication of the *Preliminary Determination* in the **Federal Register**.

In accordance with section 703(d) of the Act, we later issued instructions to CBP to discontinue the suspension of liquidation for countervailing duty purposes for subject merchandise entered, or withdrawn from warehouse, on or after March 3, 2015, but to continue the suspension of liquidation of all entries from November 3, 2014, through March 2, 2015.

We will issue a countervailing duty order and reinstate the suspension of

liquidation under section 706(a) of the Act if the United States International Trade Commission (ITC) issues a final affirmative injury determination, and we will instruct CBP to require a cash deposit of estimated countervailing duties for such entries of merchandise in the amounts indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all

privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an
