§§ 21.35(a), (b)(2) and (f)(2).

Description of Relief Sought: The petitioner seeks relief to accumulate additional flight test hours that represents the intended in-service aircraft configuration, capabilities, and operations after the approval of the 767-2C Amended Type Certificate. These additional flight test hours will add assurances that the 767-2C aircraft, its components and its equipment are reliable and function properly in accordance with § 21.35(b)(2). The exemption will allow relief from completing the required tests prior to issuance of the Type Certificate. This relief to defer testing will not exceed the aircraft initial entry into operational service.

Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 19 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 19 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Glenn Blanton (OH), Matthew J. Buersken (MN), Mark E. Haukom (MN), Wesley D. Hogue (AR), Anthony Lang (NH), Jason C. Laub (NH), Edward J. Lavin (CT), Wayne D. Litwiller, Sr. (IL), James McClure (NC), Luther A. McKinney (VA), Steven J. McLain (TN), Enes Milanovic (MI), Donie L. Rhoads (MT), Leo D. Roy (NH), Steven Schaumberg (NJ), Merreo A. Stewart (MN), James B. Taflinger, Sr. (VA), Ronald W. Thompson (WI), Roy J. Ware (GA)

The exemptions are extended subject to the following conditions: (1) that each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise

physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 19 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (78 FR 20376; 78 FR 34141). Each of these 19 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.
