**POSTAL SERVICE**

**Privacy Act of 1974; System of Records**

**AGENCY:** Postal Service™.

**ACTION:** Notice of modification to existing system of records.

**SUMMARY:** The United States Postal Service® (Postal Service) is proposing to modify a General Privacy Act System of Records (SOR) to support the collection of additional information related to the Equal Employment Opportunity (EEO) discrimination complaint and appeals processes.

**DATES:** These revisions will become effective without further notice on June 26, 2015 unless comments received on or before that date result in a contrary determination.

**ADDRESSES:** Comments may be mailed or delivered to the Privacy and Records Office, United States Postal Service, 475 L'Enfant Plaza SW., Room 9517, Washington, DC 20260-1101. Copies of all written comments will be available at this address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** Matthew J. Connolly, Chief Privacy Officer, Privacy and Records Office, 202-268-8582 or [privacy@usps.gov](mailto:privacy@usps.gov).

**SUPPLEMENTARY INFORMATION:** This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service™ has determined that one General Privacy Act System of Records should be revised to modify categories of individuals covered by the system, categories of records in the system, purpose(s), safeguards, system manager(s) and address, retention and disposal, notification procedure, and record source categories.

## I. Background

The EEO process is a critical component of the Postal Service's efforts towards eliminating discrimination, facilitating dialogue, responding to employee concerns, and ensuring accountability. The Postal Service is responsible for oversight, implementation, and compliance with federal laws and regulations covering equal employment opportunity. To promptly and effectively resolve EEO complaints, the Postal Service will be revising its EEO forms to include the collection of employee personal contact information and Veteran's Preference eligibility.

## II. Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service is proposing modifications to SOR 200.000.

"Categories of individuals" is being amended to include contractors and individuals interested in providing contract investigative services for EEO complaints. This change is attributed to the development of the National EEO Investigative Service Office (NEEOISO), which now retains contractors that provide mediation, investigation, and final agency decision writer services that were previously provided by one or more Alternative Dispute Resolution (ADR) providers. Records pertaining to USPS employees who are candidates considered by promotion boards for an EEO staff position will be deleted because this information is now collected and maintained by the Human Resources Shared Service Center (HRSSC). All EEO promotion assignment considerations records are located at the HRSSC, covered under Privacy Act System of Records 100.200, Employee Performance Records, and available to EEO staff through the HRSSC database. "Categories of records" is being amended to reflect that the Postal Service will now collect additional information from employees and contractors involved in EEO discrimination complaints. The information will include the individuals' home address(es), phone number(s), email address(es), and Veteran's Preference eligibility. The collection of personal contact information will allow for employees and contractors to be contacted when it is most convenient for them, and the Veteran's Preference eligibility information will assist with determining if the same complaint was filed with the Merit Systems Protection Board (MSPB). The Postal Service is also adding contractor provider information and will collect information related to mediation service providers, contract investigators, and contract final agency decision writers.

"Purpose(s)" is being modified to clarify the specific types of contractors that provide EEO resolution services that were previously performed by alternative dispute resolution (ADR) providers before the development of the NEEOISO. "Safeguards" is being updated to inform that computers are maintained in offices that can be locked and are also protected by User IDs and passwords. "Notification Procedures" is being amended to explain where inquiries should be submitted for complaint case records and arbitration records concerning EEO claims filed by field, Headquarter, Headquarter Field Unit, and Inspection Service employees.

## III. Description of Changes to Systems of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed modifications has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on individual privacy rights. The affected system is as follows: USPS 200.000

*System Name:* Labor Relations Records.

Accordingly, for the reasons stated, the Postal Service proposes changes in the existing system of records as follows:
