

VI. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after the date of publication of notice of Amendment No. 1 in the **Federal Register**. As discussed above, in Amendment No. 1, the Exchange proposes to: (1) Allow a member organization to designate an order to cancel at the beginning of the Midday Auction Pause; (2) allow a member organization to designate an order to route to an away market quote that locks or crosses the previously displayed price of the order during the Midday Auction Pause, in which case the returned quantity of a routed order would also route; (3) have the Exchange cancel, during the Midday Auction Pause, resting and arriving Non-Displayed Reserve Orders and Non-Display Reserve e-Quotes, which the Exchange specifies are not eligible to participate in the Midday Auction; (4) clarify that only orders that are eligible to participate in the Midday Auction would continue to be repriced during the Midday Auction Pause; (5) prevent the Midday Auction from executing at a price outside of the LULD Bands or the Exchange's Trading Collars, whichever is lower (for a buy imbalance) or higher (for a sell imbalance). Furthermore, the Exchange proposes to make a technical change to Exhibit 5 to correct an errant cross reference in Proposed NYSE Rule 124(e). The Exchange has also added additional text to the filing to explain the revisions contained in Amendment No. 1, further explained other aspects of the proposed rule change, and removed from the filing text stating that the Exchange intends to submit separately a request for exemptive relief pursuant to Rule 611(d) of Regulation NMS.

The Commission believes that Amendment No. 1 provides market participants with the option to opt out of the Midday Auction, provides that non-displayed orders would not participate in the Midday Auction, and addresses the price limitations within which the Midday Auction would occur. In particular, the Commission believes that permitting member organizations to designate orders to cancel when the Midday Auction Pause begins, or to route when an order becomes locked or crossed by an away market quote during the Midday Auction Pause, should provide Exchange member organizations with appropriate options to help them comply with their best-execution duties to their customers. Furthermore, the

Commission believes that providing for the cancellation or rejection of non-displayed orders during the Midday Auction Pause provides clarity as to how the Exchange intends the proposed auction to operate in regard to order execution. Additionally, the Commission believes that limiting the Midday Auction execution price to the lower (for a buy imbalance) or higher (for a sell imbalance) of the Exchange's LULD Band or Trading Collar Band, at the time of the Midday Auction, should mitigate the risk of an execution at prices that are too far away from the prevailing price of a given security in continuous trading on other national securities exchanges and trading venues. Finally, the Commission believes that the Exchange's proposed technical revisions, and additional explanation regarding the proposal, will provide market participants more clarity regarding how the proposed rule is intended to operate.

The Commission finds that Amendment No. 1 is consistent with the protection of investors and the public interest. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,⁵⁵ to approve the proposed rule change, as modified by Amendment No. 1, (SR-NYSE-2015-06) be, and hereby is, approved on an accelerated basis.

VI. Conclusion

It is therefore ordered that, pursuant to Section 19(b)(2) of the Act,⁵⁶ the proposed rule change, as modified by Amendment No. 1, (SR-NYSE-2015-06) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁵⁷

Robert W. Errett,

Deputy Secretary.
