Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On May 27, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Puerto Rico in the lawsuit entitled *United States v. F&R Contractors Corp. and F&R Contractors LLC*, Civil Action No. 3:15-cv-01666.

This settlement resolves the United States' allegations that Defendants F&R Contractors Corp. and F&R Contractors LLC violated the Clean Water Act ("Act") and its implementing regulations and permits at three construction sites in Puerto Rico operated by the Defendants. The United States' claims against Defendants allege the: (1) Discharge of stormwater pollutants to waters of the United States without the requisite National Pollution Discharge Elimination System permit, in violation of Section 301 of the Act; and (2) failure to implement the conditions of the Federal Construction General Permit, issued pursuant to Section 402 of the Act, for the discharge of stormwater pollutants from construction sites. This settlement is binding on both Defendants and F&R Construction Group, Inc., a voluntary party to the proposed Consent Decree (collectively, "the Settling Parties").

The proposed Consent Decree will require the Settling Parties to implement comprehensive injunctive relief to ensure compliance with the Clean Water Act and applicable permit requirements at all construction sites operated by the Settling Parties. The injunctive relief includes creating key company-wide and site-specific staffing positions to oversee and implement a stormwater compliance program, adopting companywide practices to hold pre-construction meetings and inspections, and providing comprehensive stormwater compliance training for employees and contractors with operational responsibilities at a construction site. The Settling Parties will also pay a \$500,000 civil penalty.
