[Directive No. 1–15]

Redelegation of Authority to Deputy Assistant Attorneys General, Branch Directors, Heads of Offices, and United States Attorneys in Civil Division Cases

AGENCY: Office of the Assistant Attorney General, Civil Division, Department of Justice.

ACTION: Final rule.

SUMMARY: This final rule amends Civil Directive 1–10, which sets forth the redelegation of authority by the Assistant Attorney General of the Civil Division to deputy assistant attorneys general, branch directors, heads of offices, and United States Attorneys. On May 21, 2015, the Attorney General signed Order No. 3532–2015 increasing the monetary thresholds for the authority of Assistant Attorneys General to compromise or close civil claims, and increasing the redelegation authority to the United States Attorneys with respect to accepting offers of compromise for affirmative claims. Pursuant to the Attorney General's order, the new rule increases the redelegated authority to Branch Directors, heads of offices, and United States Attorneys to close or compromise affirmative claims. Additionally, the new rule redelegates to United States Attorneys, directors, and attorneys-in-charge the authority to issue compulsory process, and makes a few “housekeeping” revisions.

DATES: *Effective Date:* This rule is effective June 5, 2015, and is applicable beginning May 29, 2015.

FOR FURTHER INFORMATION CONTACT:

Joyce R. Branda, Deputy Assistant Attorney General, Commercial Litigation Branch, Civil Division, Department of Justice, Washington, DC 20530; 202–307–0231.

SUPPLEMENTARY INFORMATION: This rule is a matter of internal Department management. It has been drafted and

reviewed in accordance with section 1(b) of Executive Order 12866. The Assistant Attorney General for the Civil Division has determined that this rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866 and accordingly this rule has not been reviewed by the Office of Management and Budget. In accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), the Assistant Attorney General for the Civil Division has reviewed this rule, and by approving it certifies that this rule will not have a significant economic impact on a substantial number of small entities. This rule will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

[Directive No. 1–15]

By virtue of the authority vested in me by part 0 of title 28 of the Code of Federal Regulations, particularly §§ 0.45, 0.160, 0.164, and 0.168, it is hereby ordered as follows:

Section 1. Scope of Delegation Authority

(a) Delegation to Deputy Assistant Attorneys General. The Deputy Assistant Attorneys General are hereby delegated all the power and authority of the Assistant

Attorney General in charge of the Civil Division, including with respect to the institution of suits, the acceptance or rejection of compromise offers, the administrative settlement of claims, and the closing of claims or cases, unless any such authority or power is required by law to be exercised by the Assistant Attorney General personally or has been specifically delegated to another Department official.

(b) Delegation to United States Attorneys; Branch, Office and Staff Directors; and Attorneys-in-Charge of Field Offices. Subject to the limitations imposed by 28 CFR 0.160(d) and 0.164, and sections 1(e) and 4(b) of this directive, and the authority of the Solicitor General set forth in 28 CFR 0.163, United States Attorneys; Branch, Office, and Staff Directors; and Attorneys-in-Charge of Field Offices, with respect to matters assigned or delegated to their respective components, are hereby delegated the authority to:

(1) Accept offers in compromise of claims asserted by the United States in all cases in which the gross amount of the original claim does not exceed \$10,000,000;

(2) Accept offers in compromise of, or settle administratively, claims against the United States in all cases in which the principal amount of the proposed settlement does not exceed \$1,000,000;

(3) Reject any offers in compromise; and

(4) Close any affirmative claim or case where the gross amount of the original claim does not exceed \$10,000,000.

(c) Subject to the limitations imposed by sections 1(e), 4(b), and 5 of this directive, United States Attorneys, Directors, and Attorneys-in-Charge are hereby delegated the authority to:

(1) File suits, counterclaims, and cross-claims, or take any other action necessary to protect the interests of the United States in all routine nonmonetary cases, in all routine loan collection and foreclosure cases, and in other monetary claims or cases where the gross amount of the original claim does not exceed \$10,000,000. Such actions in nonmonetary cases which are other than routine will be submitted for the approval of the Assistant Attorney General, Civil Division; and,

(2) Issue subpoenas, civil investigative demands, and any other compulsory process.

(d) United States Attorneys may redelegate in writing the above-conferred compromise and suit authority to Assistant United States Attorneys who supervise other Assistant United States Attorneys who handle civil litigation.

(e) Limitations on delegations.

(1) The authority to compromise cases, settle claims administratively, file suits, counterclaims, and cross-claims, to close claims or cases, or take any other action necessary to protect the interests of the United States, delegated by paragraphs (a), (b), and (c) of this section, may not be exercised, and the matter shall be submitted for resolution to the Assistant Attorney General, Civil Division, when:

(i) For any reason, the proposed action, as a practical matter, will control or adversely influence the disposition of other claims totaling more than the respective amounts designated in the above paragraphs.

(ii) Because a novel question of law or a question of policy is presented, or for any other reason, the proposed action should, in the opinion of the officer or employee concerned, receive the personal attention of the Assistant Attorney General, Civil Division.

(iii) The agency or agencies involved are opposed to the proposed action. The views of an agency must be solicited with respect to any significant proposed action if it is a party, if it has asked to be consulted with respect to any such proposed action, or if such proposed action in a case would adversely affect any of its policies.

(iv) The United States Attorney involved is opposed to the proposed action and requests that the matter be submitted to the Assistant Attorney General for decision.

(v) The case is on appeal, except as determined by the Director of the Appellate Staff.

(2) In fraud or False Claims Act cases and matters, for reasons similar to those listed in sub-section 1(e)(1)(i) through 1(e)(1)(iii) above, the Director of the Fraud Section of the Commercial Litigation Branch, after consultation with the United States Attorney, may determine that a case or matter will not be delegated to the United States Attorney, but personally or jointly handled, or monitored, by the Civil Division.

Section 2. Action Memoranda

(a) Whenever, pursuant to the authority delegated by this Directive, an official of the Civil Division or a United States Attorney accepts a compromise, closes a claim or files a suit or claim, a memorandum fully explaining the basis for the action taken shall be executed and placed in the file. In the case of matters compromised, closed, or filed by United States Attorneys, a copy of the memorandum must, upon request therefrom, be sent to the appropriate Branch or Office of the Civil Division.

(b) The compromising of cases or closing of claims or the filing of suits for claims, which a United States Attorney is not authorized to approve, shall be referred to the appropriate Branch or Office within the Civil Division, for decision by the Assistant Attorney General or the appropriate authorized person within the Civil Division. The referral memorandum should contain a detailed description of the matter, the United States Attorney's recommendation, the agency's recommendation where applicable, and a full statement of the reasons therefor.

Section 3. Return of Civil Judgment Cases to Agencies

Claims arising out of judgments in favor of the United States which cannot be permanently closed as uncollectible may be returned to the referring Federal agency for servicing and surveillance whenever all conditions set forth in USAM 4-3.230 have been met.

(a) Direct reference to United States Attorneys by agencies. The following civil actions under the jurisdiction of the Assistant Attorney General, Civil Division, may be

referred by the agency concerned directly to the appropriate United States Attorney for handling in trial courts, subject to the limitations imposed by paragraph (b) of this section. United States Attorneys are hereby delegated the authority to take all necessary steps to protect the interests of the United States, without prior approval of the Assistant Attorney General, Civil Division, or his representatives, subject to the limitations set forth in section 1(e) of this directive. Agencies may, however, if special handling is desired, refer these cases to the Civil Division. Also, when constitutional questions or other significant issues arise in the course of such litigation, or when an appeal is taken by any party, the Civil Division should be consulted.

An appeal of such a decision, as well as an appeal of an adverse decision by a district court or bankruptcy appellate panel reviewing a bankruptcy court decision or a direct appeal of an adverse bankruptcy court decision to a court of appeals, cannot be taken without approval of the Solicitor General. Until the Solicitor General has made a decision whether an appeal will be taken, the Government attorney handling the case must take all necessary procedural actions to preserve the Government's right to take an appeal, including filing a protective notice of appeal when the time to file a notice of appeal is about to expire and the Solicitor General has not yet made a decision. Section 10. No Private Right of Action

This directive consists of rules of agency organization, procedure, and practice and does not create a private right of action for any private party to challenge the rules or actions taken pursuant to them.

Searches of Housing Units, Inmates, and Inmate Work Areas: Use of X-Ray Devices—Clarification of Terminology

AGENCY: Bureau of Prisons, Justice.

ACTION: Final rule.

SUMMARY: In this document, the Bureau of Prisons (Bureau) clarifies that body imaging search devices are "electronic search devices" for routine or random use in searching inmates, and are distinguished from medical x-ray devices, which require the inmate's consent, or Regional Director approval, for use as search devices.

DATES: This rule is effective on July 6, 2015.

FOR FURTHER INFORMATION CONTACT: Sarah Qureshi, Office of General Counsel, Bureau of Prisons, phone (202) 307–2105.

SUPPLEMENTARY INFORMATION: In this document, the Bureau finalizes its regulation on searches of inmates using x-ray devices and technology (28 CFR part 552, subpart B). We change this regulation to clarify that body imaging search devices are "electronic search devices" for routine or random use in searching inmates, and are distinguished from medical x-ray devices, the use of which require the inmate's consent, or Regional Director approval, for use as search devices. We published a proposed rule on this subject on February 14, 2014 (79 FR 8910). We received a total of twenty comments on the proposed rule. Three comments were generally in favor of the proposed changes. Eleven comments were copies of the same form letter. We respond below to the issues raised by that form letter and the remaining six comments.

The Electronic Devices That the Bureau Uses Are Unsafe or Will Cause Harm to Inmates

Fifteen comments (including the eleven form letters) were concerned that the electronic devices used by the Bureau, particularly those which use x-ray technology, will be harmful to inmates. Another commenter stated that the use of x-ray technology as intended by the Bureau is so unsafe that it "is a clear violation of human rights."

The x-ray technology used for searches by the Bureau employs a very

low level of radiation. Radiation is measured in units called "sieverts." A person scanned by a Bureau body scanner would receive only 0.25 sieverts and can be scanned up to 1,000 times a year. For context, a scan from this machine is equal to eating two and a half bananas (the potassium in bananas emit radiation). Sleeping next to someone exposes you to .05 sieverts, because we all have minerals in our bones that emit radiation. Also, people living in areas of high elevations are exposed to almost 5 times (1.2 sieverts) as much radiation as one scan from a Bureau body scanner, because there is more cosmic radiation at high elevations. An airplane flight from New York to Los Angeles exposes a human body to 40 sieverts of radiation. Again, the Bureau's x-ray technology scanners employ only .25 sieverts, so low a level of radiation as to be safe.

Further, the Bureau requested an independent study ("Radiation Protection Report") of its pilot program use of the "Radpro SecurPass" technology. The review, conducted in 2012, was generated and peer reviewed by radiological physicists holding Certified Health Physicist credentials and board certification of the American Board of Radiology in Diagnostic Radiology. The Report concluded that the average effective reference dose was 0.233 sieverts, which is representative of the maximum possible radiation dose for the machine to one person for one scan. The Report concluded that the system may be operated at that dose level up to 1,000 times per year while maintaining the recommended safe radiation dose.

The use of electronic search devices described in the proposed rule is also within established inmate search procedures. There is no impact it will have on the federal inmate population which is not already present. The proposed rule clarified that body x-ray imaging search devices are "electronic search devices" for routine or random use in searching inmates. This change does not affect physical contact with inmates or require disrobement. Other than increased effectiveness at identifying contraband through the use of new minimally invasive hand-held technology, there exists no actual or perceivable difference between already-in-use electronic search devices and the proposed x-ray search device. In fact, the use of the technology will cut down the frequency and need for more invasive searches of the type that inmates seek to avoid.

Further, prisoners, visitors, and staff have diminished Fourth Amendment protections in a correctional setting
