B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

A. By order approve or disapprove such proposed rule change, or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2015-050 on the subject line.

The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. SUPPLEMENTARY INFORMATION:

Competition Details

1. *Subject of Competition:* The SBA is seeking to support entrepreneurs who are navigating the requirements to start a business. Currently many of these requirements are in multiple locations and a streamlined approach could help entrepreneurs startup more easily. The Startup in a Day Competition—Dream Big Model is designed to spur the development, implementation, and improvement of online tools that will let entrepreneurs learn about the business startup process in their area, including how to register and apply for all required local licenses and permits, in one day or less. This announcement, the Startup in a Day Competition—Dream Big Model, is specific for cities and Native American Communities that will develop an open source solution that may be freely adopted by localities across the United States. An “open source” solution is software that can be freely used, changed, and shared (in modified or unmodified form) by anyone¹ and complies with generally accepted criteria for distribution outlined by the Open Source Initiative (for this criteria, see <http://opensource.org/docs/osd#fields-of-endeavor>). In order to maximize the success of this competition, SBA will work with the National League of Cities (NLC), an advocacy organization representing thousands of municipalities, to establish a formal mechanism by which all Startup in a Day competition winners will be able to collaborate and share best practices.

In conjunction with the Startup in a Day Competition, President Barack Obama is asking cities and Native American Communities across America to take a pledge to support entrepreneurs in their area by making it easier to start a business (for the text of this pledge, see sba.gov/startup). While it is not required to enter this Competition, all cities and Native

American Communities are encouraged to take the pledge. As an additional encouragement, entries submitted by cities and Native American Communities that do take the pledge will receive five (5) bonus points during the evaluation process, as stipulated in Item 3: Part V below. Furthermore, all Startup in a Day Competition—Dream Big Model winners will be required to take the pledge prior to receiving their prizes.

An additional aim of this competition is to stimulate economic development in certain Priority Communities. For purposes of the Startup in a Day Competition—Dream Big Model, Priority Communities are those cities and Native American Communities that fall into one or more of the following categories:

The first payment, equal to 60 percent of a winner's total prize amount, will be disbursed once all initial requirements (*i.e.* taking the Startup in a Day pledge, etc.) have been met. The second payment, equal to 20 percent of a winner's total prize amount, will be disbursed after a winner has presented a demonstration of its open source solution to SBA and Agency staff has deemed that solution satisfactory. This demonstration must be presented within six (6) months of the date of the award unless otherwise specified by the SBA. The remaining 20 percent of the total prize amount will be disbursed after a winner submits a written assessment that includes, but is not limited to, the outcomes and outputs of its Startup in a Day activities as measured by the metrics outlined in its proposal, a summary of any lessons learned and best practices, and suggestions for any improvements to the design or implementation of similar competitions in the future. Winners must base this assessment on a period of live operation of their Startup in a Day Web tools that is at least six (6) months and no more than twelve (12) months in length.

Regardless of the length of the period of operation on which they are based, the written assessment must be submitted to SBA no later than 15 months after a winner receives its first prize payment. The written assessments, or portions thereof, may be made public. Further guidance regarding the format and means of submission of these assessments will be provided to winners prior to their acceptance of prizes.

5. *Selection of Winners:* Competition entries will be evaluated by a review committee that may be comprised of SBA officials, employees of other Federal agencies, and/or private sector experts. Winners will be selected based

on the quality, clarity, completeness, and feasibility of their proposals in addressing the issues outlined in Item 3 of this Competition announcement. In addition, in order to achieve nationwide distribution of prizes for the purpose of assisting business startups across the entire United States, SBA may take into account contestants' geographic locations and areas of service when selecting winners. For the announcement of winners, any travel or related expenses to attend an event will be the responsibility of the winner and may not be paid with prize funds.
